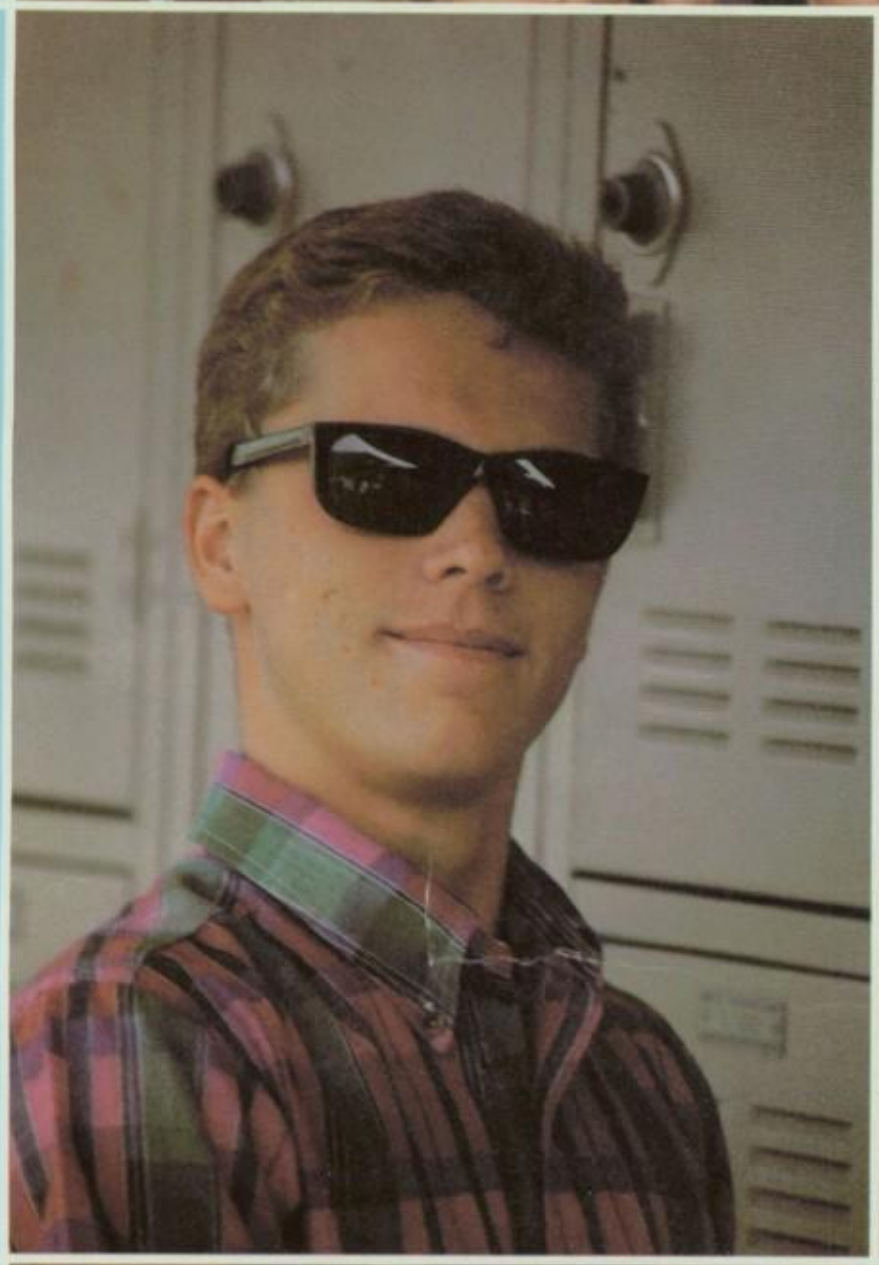
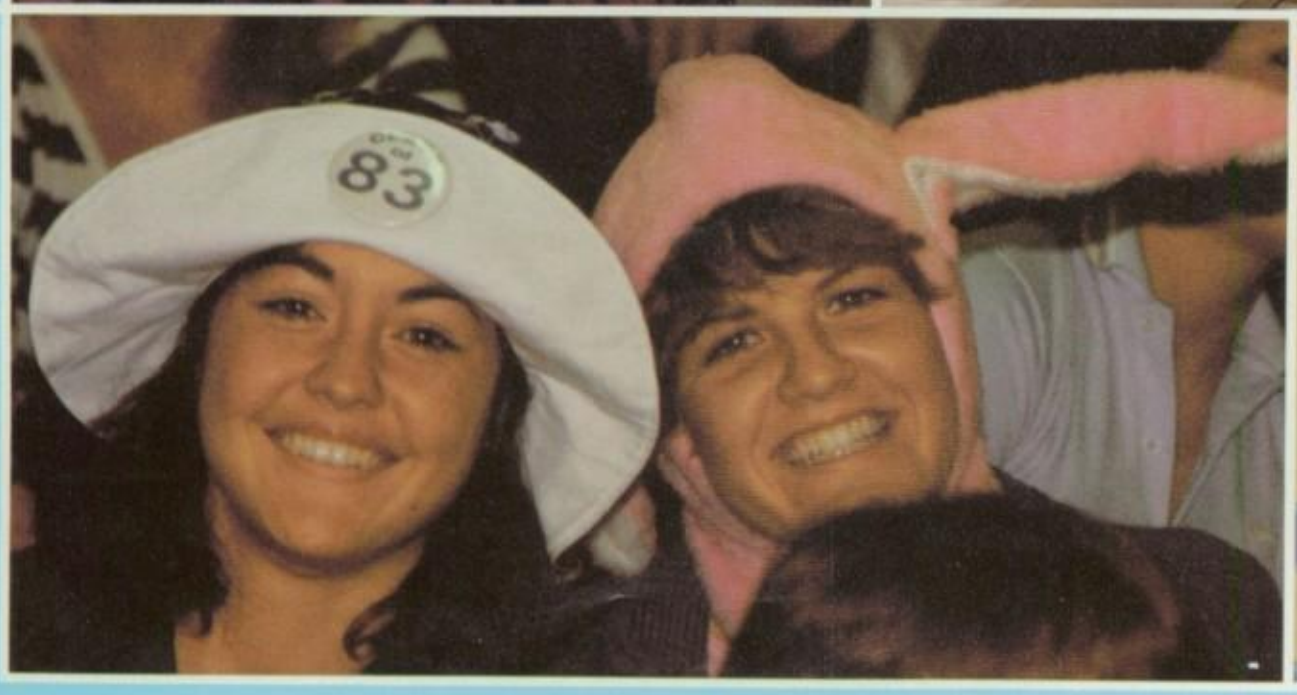
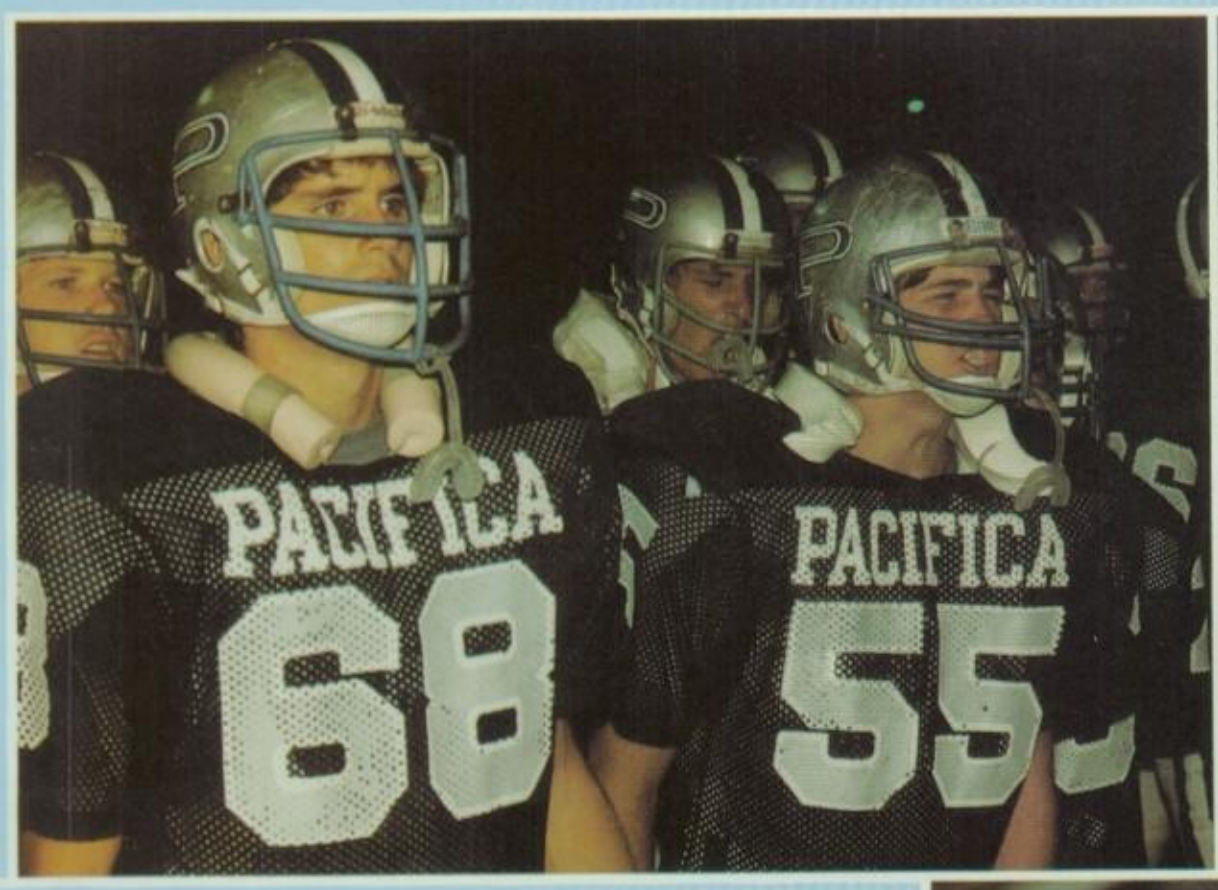
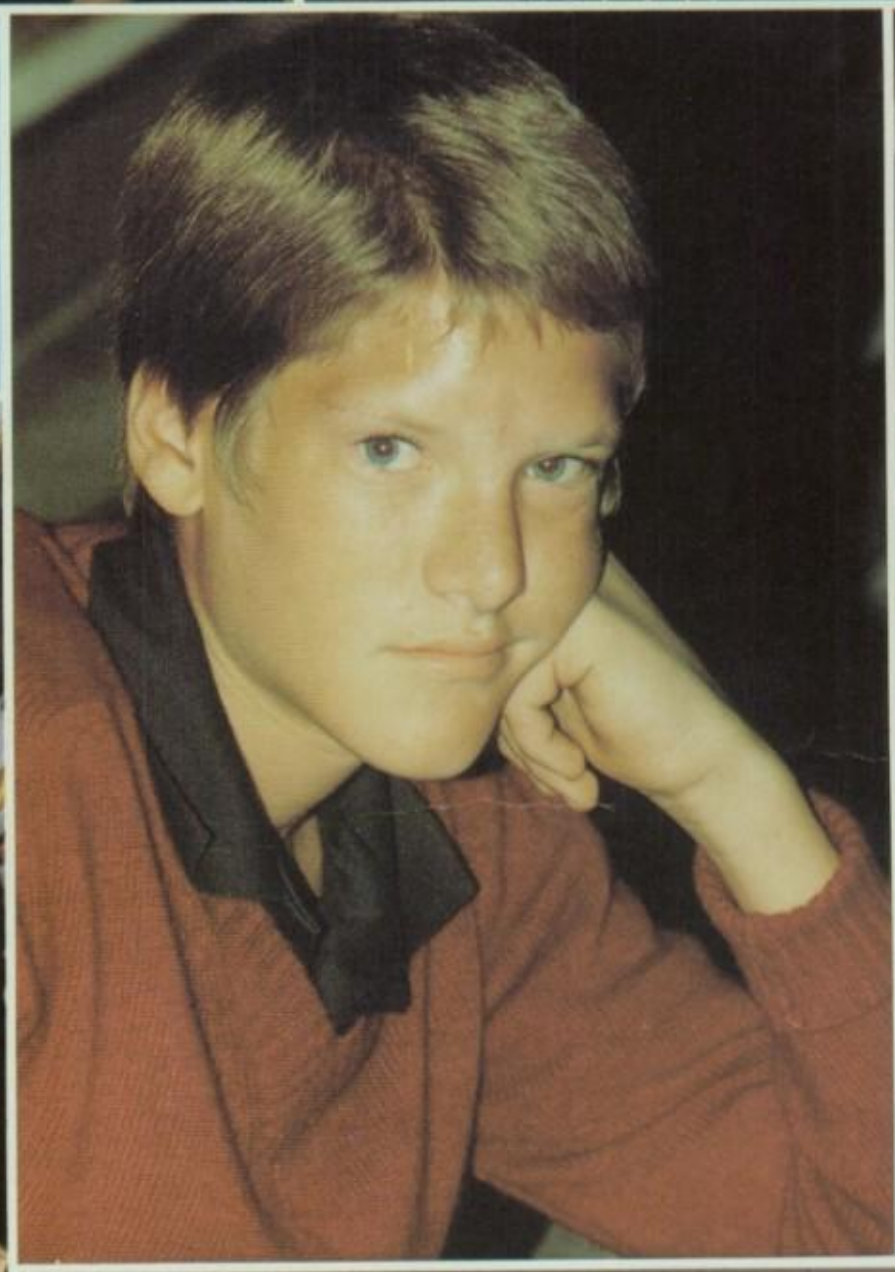
I hope you'll understand that this time is just for us. It's our turn.

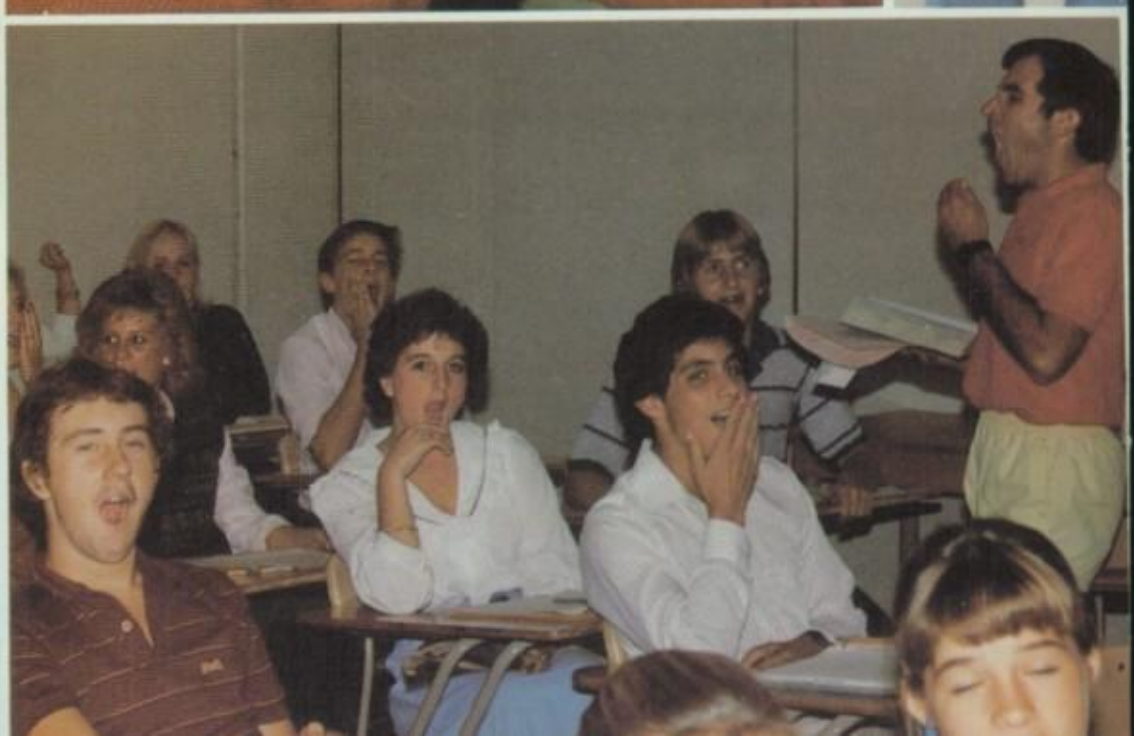




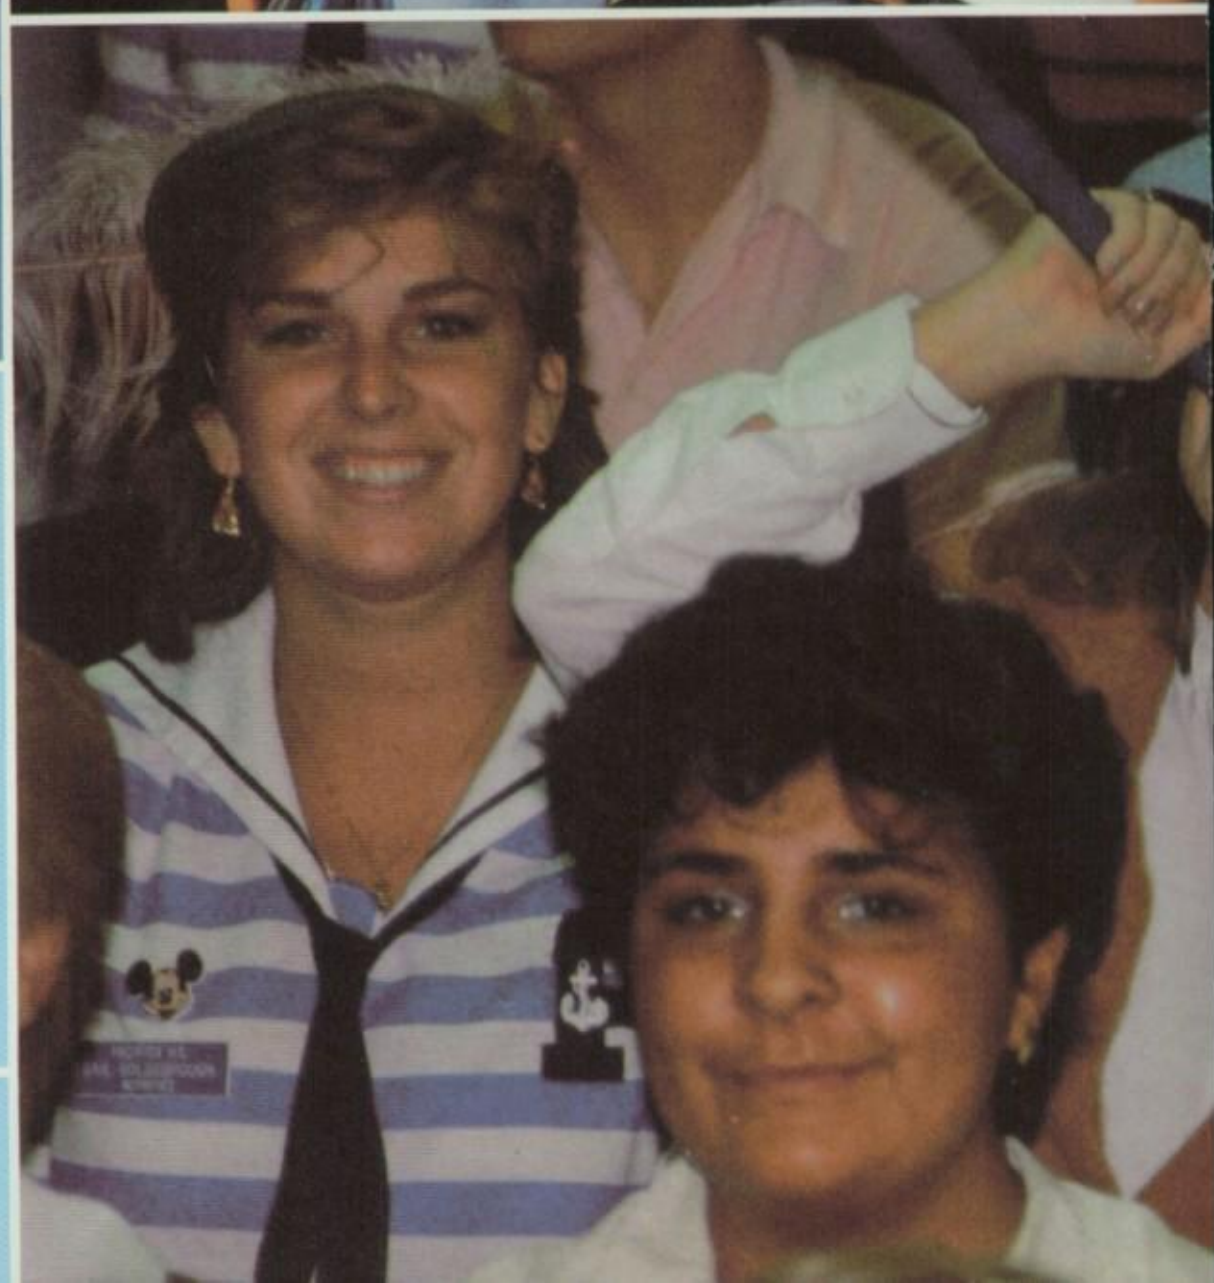


We must reflect on our past to remember the times of our lives.

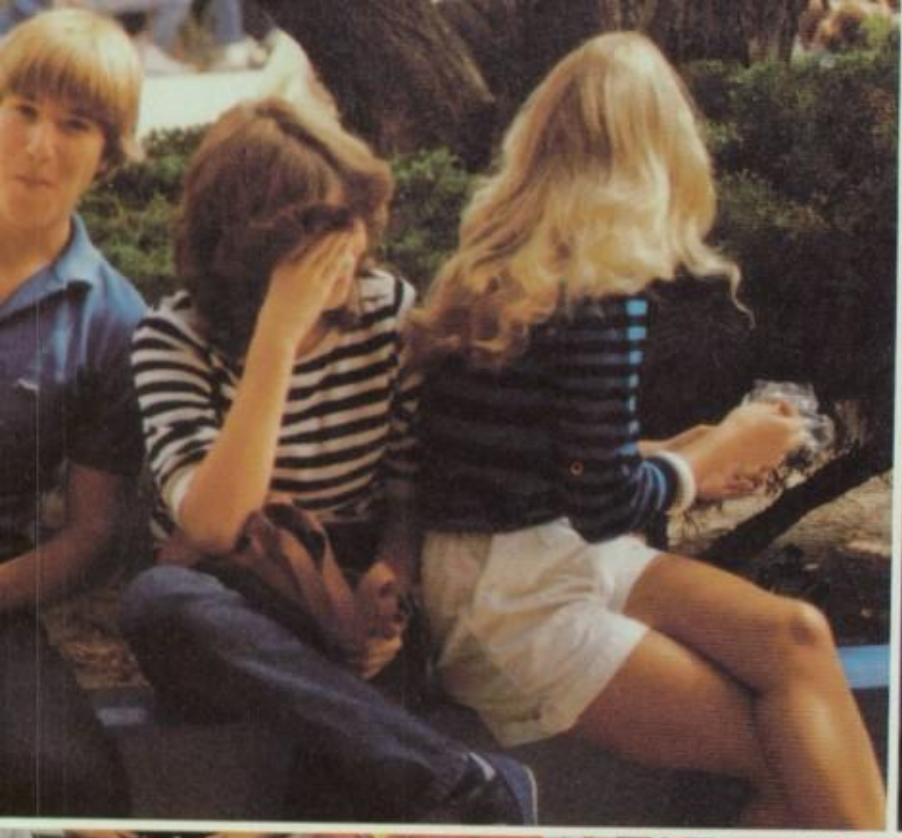


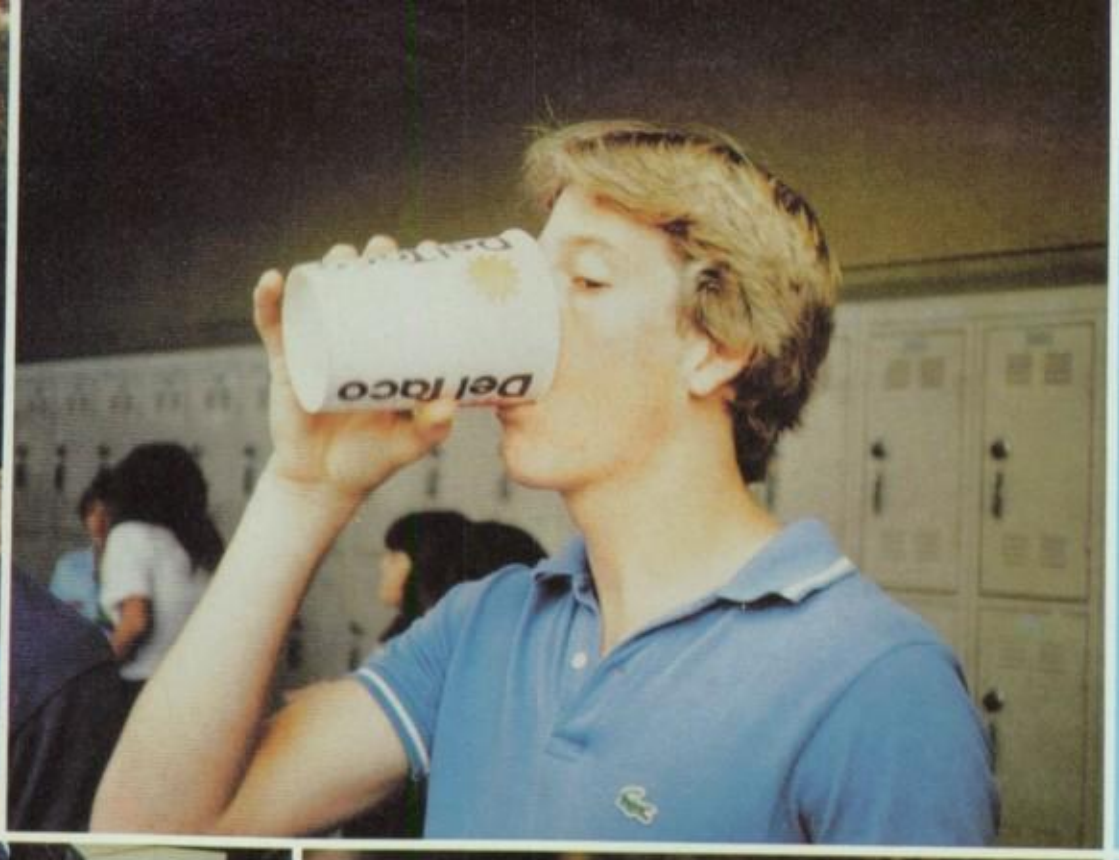


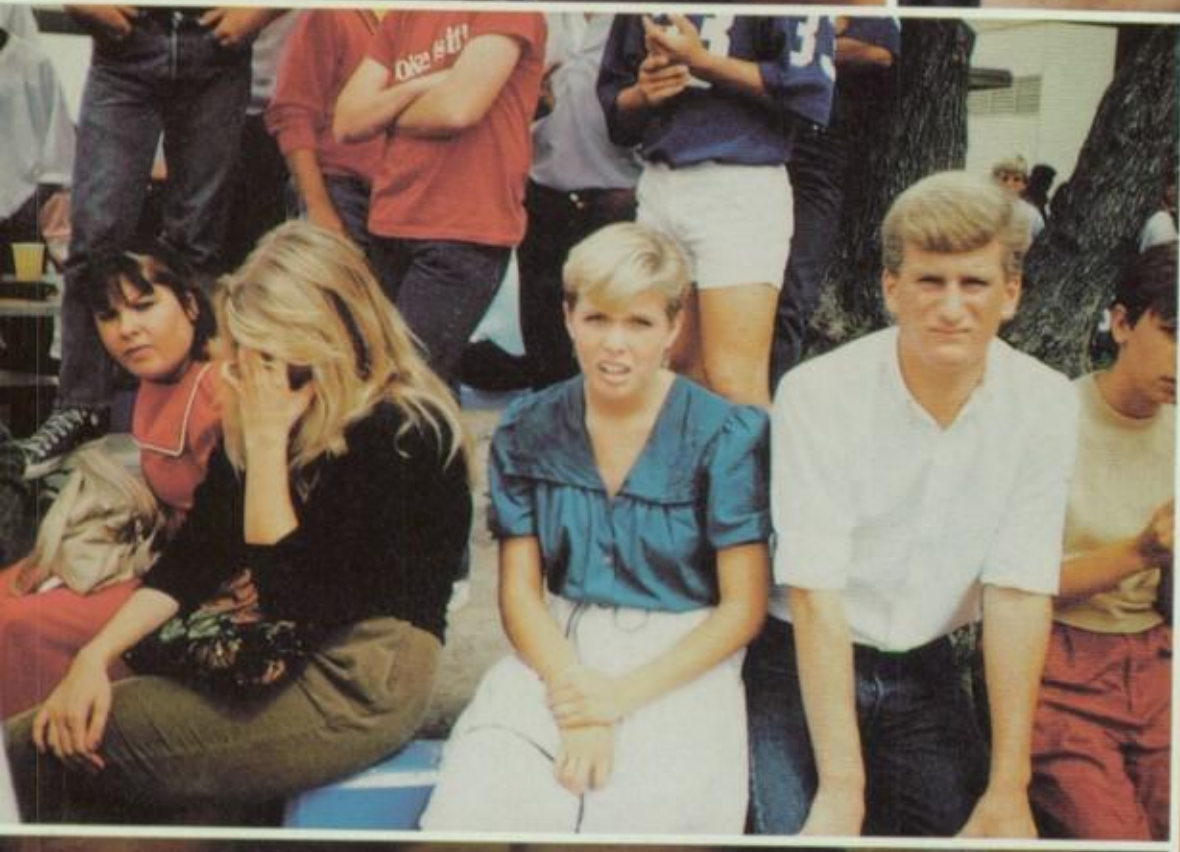
Remember the best of times whenever you hear that old song that they used to play.

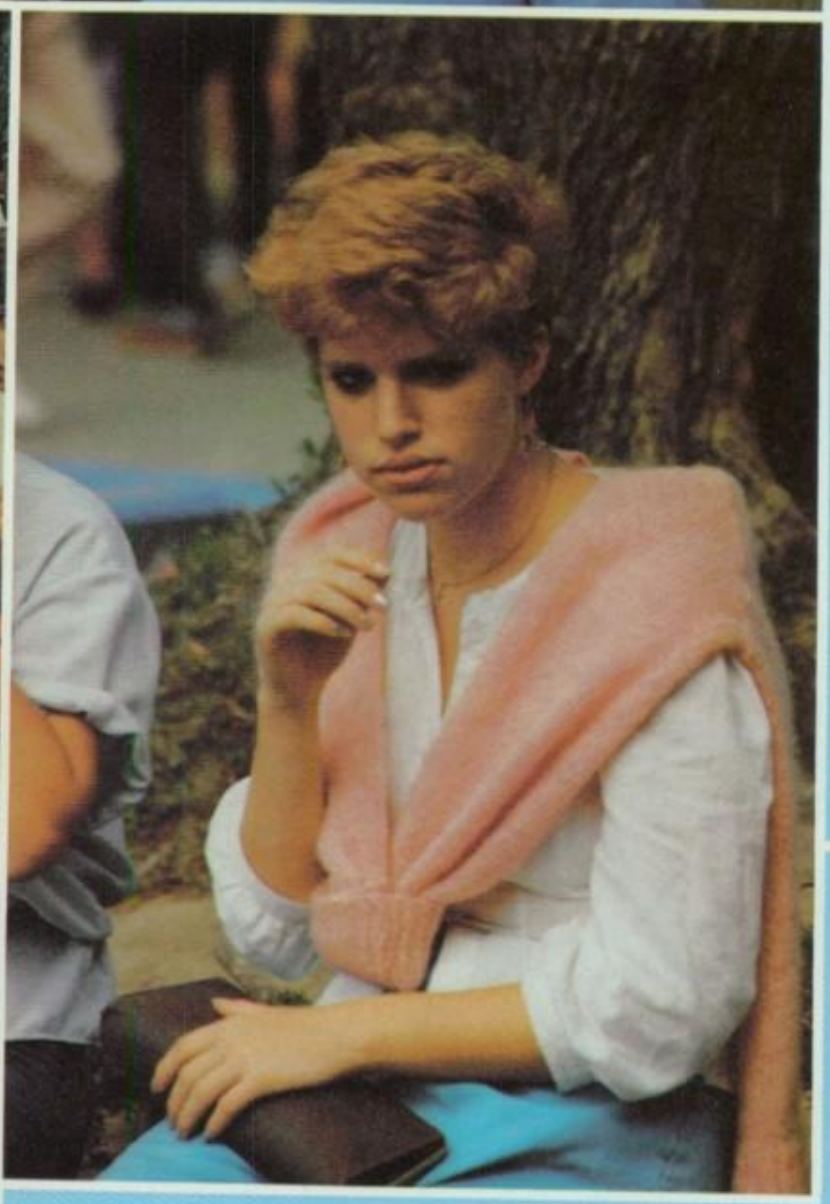


Goodbye my friend, the tide waits for me.
Who knows if we shall meet again, if ever.

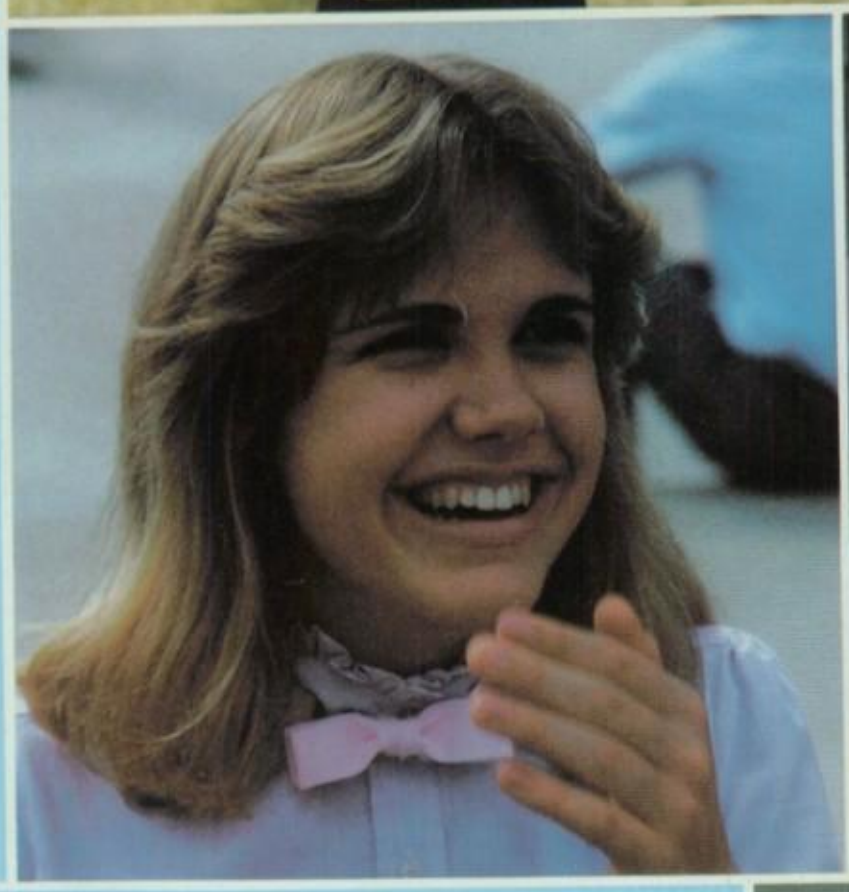




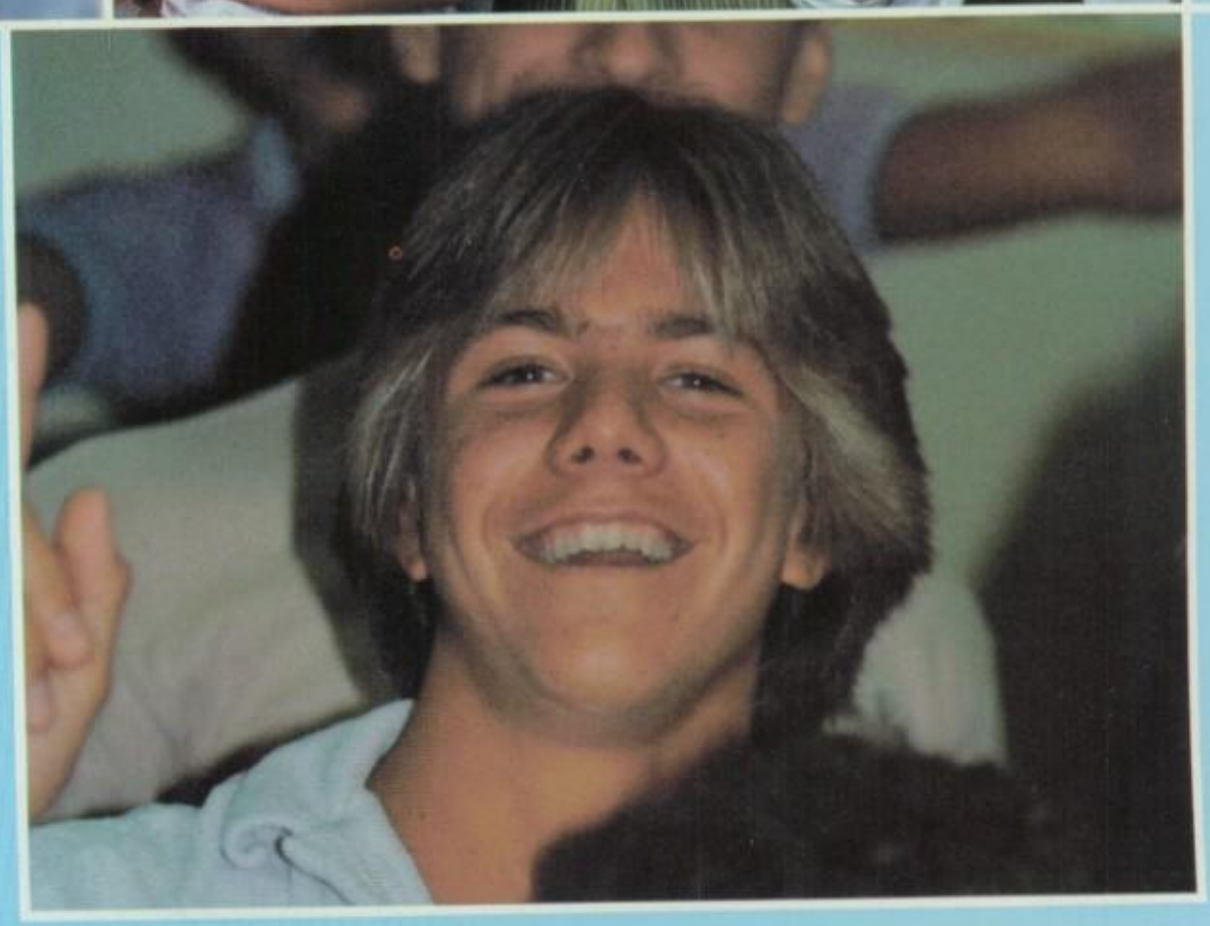




But time will keep flowing like a river to the sea forever and ever.



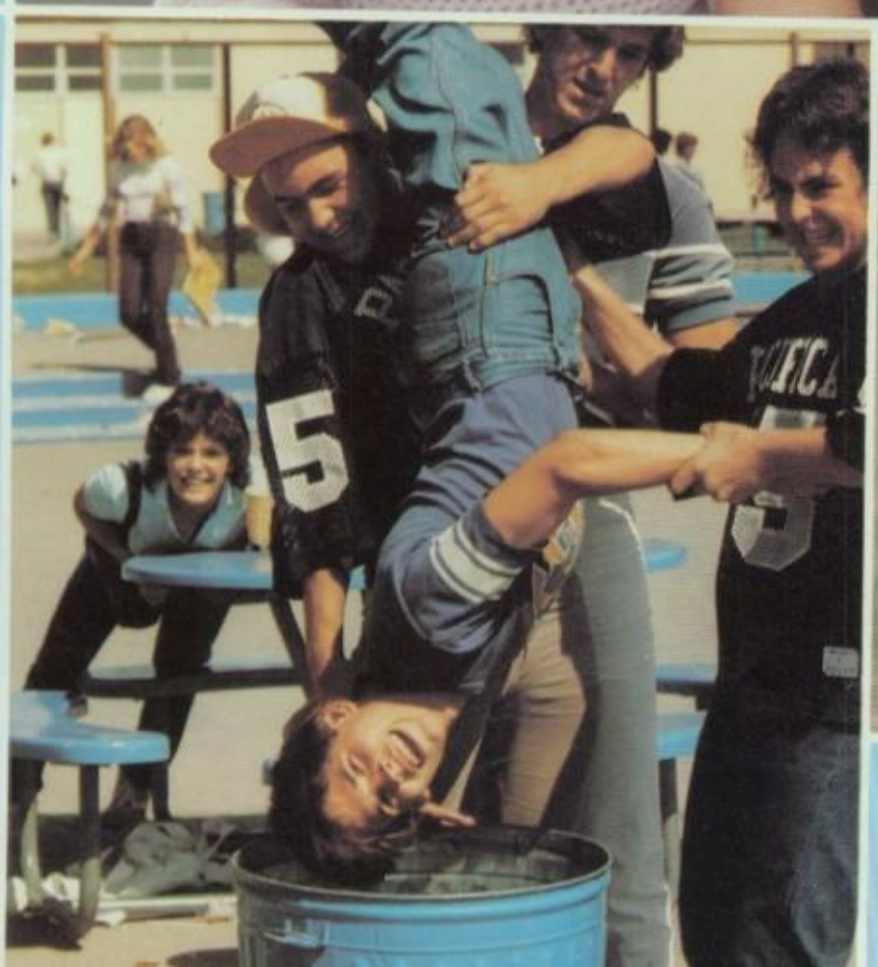
We know that time is a constant change and nothing remains the same.



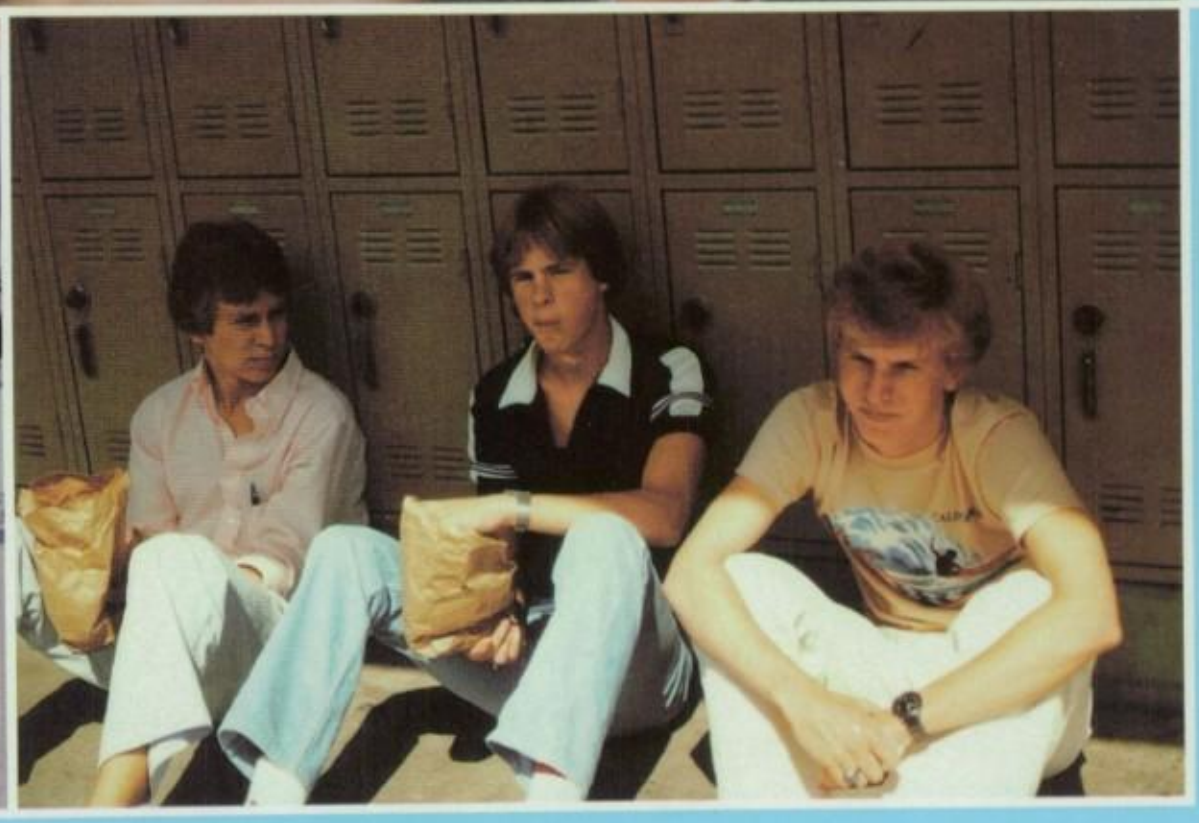
Gina, I didn't really get to know you ~~but~~ that well but I think your really sweet hope we stay friends until we get out of school have a great summer.

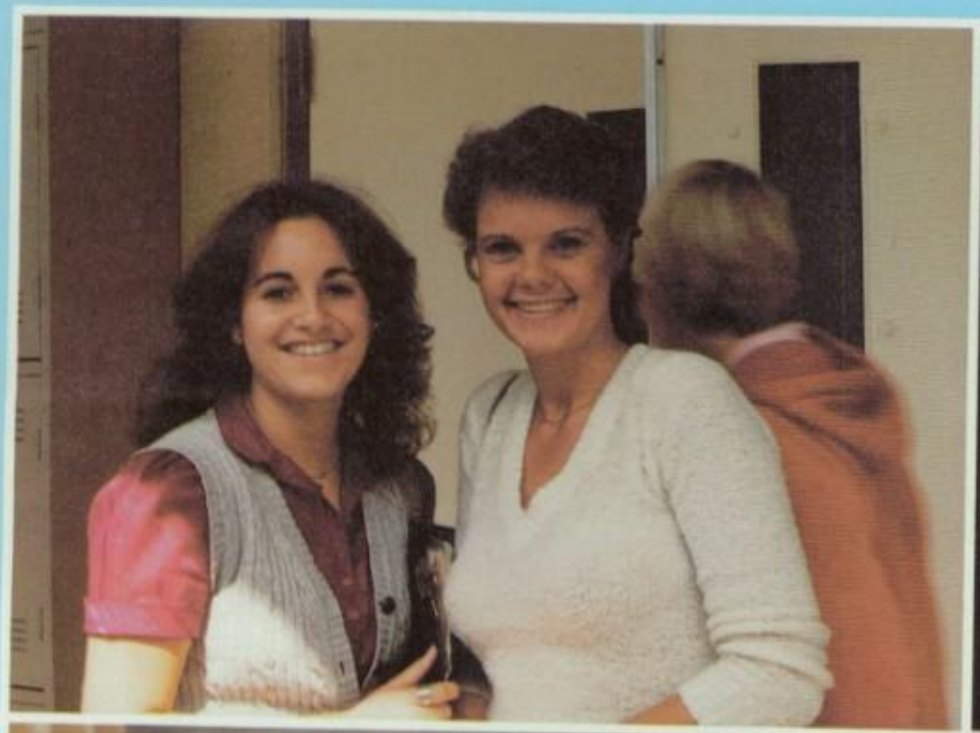
Mike

Now we can look back at all of the memories of all those good times.



It's our turn to see what we can see. We've paid our dues so long, so let's start from square one.





Just as sure as the sun will cross the sky, our time has come.

Goodbye my true love, my time has come, who knows when we shall meet again, if ever.

HURRAY! We're actually finished with the yearbook! ◄

Spare me, I promise to never miss another deadline! ►

I'm the editor, . . . What can I say? ►

Two NORMAL, hard working staff members!?! ◄

▲ Here's a rare photo of a photographer.

Yearbook's ever-smiling co-editor. ◄

I'm well armed and ready to shoot! ▼

Hurry, I can only hold this smile for so long! ►

Did you say deadline? Uh, what deadline?!? ◄

The title, "Only Time Will Tell", reflects how we feel about our annual. We realized, that only time would tell us how the students liked our book. "The Reef" Staff was a very dedicated and hard working group and that's what it takes to make a great yearbook. Our editors, Philip Kumai and Keely Koppold, made the year's work go by smoothly with no bumps on the way. They accomplished this feat with the help of Mary Ann Thompson, "The Reef" Staff's advisor. Other hard workers were Gigi Rabe, who did a great job on the Senior Section and the Awards. Gigi also did the Co-ed section along with Barbara Mann. Barbara was a hard and dedicated worker, especially when she and Janet Benlien worked on the Freshman Section and various plays and musicals. Dawn Portscheller added her artistic touch with her work on the Art/Literature Section, division pages, and cover. Loretta Kolenda and Lisa Kooi worked side by side on the Spirit Section and Senior Favorites. They did a fine job. On our Sports Section, Walt Blakely and Kim Cusimano did excellent jobs. Adam Missler did a terrific job on the Faculty Section. Jenny Park was our business manager and she managed to balance the books with ease this year. Other hard workers were Greg Pate, Wendy Anderson, and Lisa Sanford who worked on the Junior Section. Phil Robinson and Kim Hodges worked on the Sophomore Section. Ken Grazier did our Clubs of Pacifica. While Photographers Rob Carter, David Douwenga, Kent Robbins, Scott Von Eps, Mike Thompson, Steve Benlien, did an excellent job. We went through tough times when we had to meet deadlines and to our surprise, every deadline was met. No one really knows how difficult it is to be on the Yearbook Staff. Everyone thinks it's a "kick-back" class, but in reality it isn't. "The Reef" Staff had fun making this yearbook for Pacifica High School and we hope that everyone who reads it will enjoy it. Have fun!

THERE'S SOMETHING FISHY HERE!

"Freshmen are really nice people." This unusual sentiment is held by Mr. Sullivan, English teacher extraordinaire. But what can you expect from a teacher who actually enjoys teaching and has been known to say, "Pacifica is the best school in the district; maybe the best in Southern California."

Mr. Sullivan came to Pacifica fresh out of college eighteen years ago. For fifteen years he was yearbook advisor. He is still head cashier for all school sport events.

In his spare time he kills innocent little fishes with his thirteen year old son. Sometimes his wife and ten year old daughter join in the blood sport. Every summer they go to Whitefish Lake in Montana to fish. On his fishing trips he takes the opportunity to read his favorite author's books. His favorite author currently is John Irving.

Another favortie pasttime of his is poker. He plays about two tournaments a month. He says, "I like it because its not just another source of income, but you meet a different kind of people."

SURFING SQUID

He eyes the wave, a well built, slightly beer-bellied man. He takes off, cuts left and is soon engulfed in the waves whitewash. Who is this man who has just wiped out? Shawn Thompson? It's none other than Pacifica's own Ron Malmquist. Known to many as "Squid", because of his acute resemblance to the oceaniac creature. "I've been surfing for almost 20 years," replies Malmquist. Most of his surfing is done at Bolsa Chica and Huntington Beach.

Malmquist's activities are not limited to just surfing. He enjoys raquetball, handball, and basketball. He has been the Varsity head coach in the latter for the past several years and each year his teams have shown great improvement.

Besides all these activities, Malmquist has found time to settle down in Fountain Valley with his beautiful wife, Rosemary, one of Pacifica's counselors, and their six year old son Matt." My family keeps me very busy now that Matt has joined a soccer league."

Malmquist is a very popular teacher at P.H.S. with the students as he has been voted a class favorite the past two years.

BOBBY RUNS WILD

"I enjoy teaching at Pacifica because the students here are fun and interesting people," says Mr. Bob Wucetich, one of Pacifica's finest U.S. history teachers.

Mr. Wucetich, born and raised in Long Beach, CA., now resides in Seal Beach with his wife "Zelda" (her real name is Betty Ann) and two sons, Jason, 8, and Steven, 5.

To keep himself fit and healthy, Mr. Wucetich runs every morning before school. Early in the school year, he had an unfortunate accident and injured his leg. Because of this injury, Mr. Wucetich has not been able to run as much as he would like. But, he finds other ways to keep himself in motion. He enjoys water skiing and he officiates football for high schools and colleges. Mr. Wucetich and his wife are also involved in "Couples for Cancer," an organization designed to raise money for cancer research.

A graduate of California State University of Long Beach, Mr. Wucetich as been teaching at Pacifica for twelve years.

"Pacifica is a very nice high school. The students are polite, and the school is in good condition. But many of the children are spoiled, and they might not appreciate how fortunate they are," says Mr. Wucetich. "Many of them are missing out on the fun high school could be."

DIVER DOWN!

"I love to learn, and teaching offers the opportunity," was the reply received from Mrs. Smith when asked why she picked teaching as her occupation. Mrs. Smith has been interested in the ocean for most of her life and enjoys sharing her knowledge with students who are also interested.

In her spare time away from teaching, she likes to travel to places noted for unique sea life, such as Tahiti and Hawaii. Mrs. Smith collects the specimens she finds while scuba diving or just walking along the beaches of different areas. Her collection increases every trip.

Besides studying ocean life she is interested in remodeling houses. "I like to remodel houses. "It's a challenge, as long as I can handle the work." All in all Mrs. Smith has many recreational interests. But teaching oceanography to her is not a job it is a hobby.

Music

FROM TUBA TO WEDDING

Mr. Gary Horimoto enjoys music. Afterall, he teaches three music classes a day here at Pacifica — marching/concert band, jazz ensemble, and orchestra. A new teacher at Pacifica, he is now very devoted to our school's music program. He states, "The band and I are hoping to promote the name of PACIFICA throughout the community and Southern California. "Gary also hopes to build a full orchestral program and a large band of 100 members.

Gary is involved in music outside of Pacifica also. He has done some composing for half-time shows and is actively involved in music arranging. Gary plays the tuba once a week for the fun of it. He did play professionally at one time, making many recordings, including one for Paramount. He also has played under the direction of famous maestro Zubin Mehta.

Does Gary have any interests besides music? He teaches two pre-algebra classes here at Pacifica. He likes to go sailing with his friends during the summer. "I do it to get away," he says. Plus he likes to "plan weddings" — what he meant is plan *his* wedding. Gary proudly announced that he is getting maried in June to his "honey" Joanne.

Gary proves to be quite a character. Congratulations on your first year at Pacifica.

In the middle of the year they put out their second album titled "Vacation" which spun off three hit singles including their second top ten smash of the same name. The nation was really Go Go-ing and because the Go Go's did so well, they received top honors such as Top pop artists of the year, Top album artists of the year, Top artists for groups or duos, and they had the number two album of last year. The Go Go's are on "Vacation" now but you can bet that they'll have more hit albums and singles in the near future.

Students Go To Work In The "South Pacific"

This musical features songs such as "Bali Hai", "Some Enchanted Evening" and "Gonna Wash That Man Right Oughta My Hair."

With the help of directors Michael Kelishes, Tom Ringland and Gary Horimoto, over 100 students were able to turn their raw talents into a professional quality musical. The special return of Todd Tatham, alumni from the class of '82, at the Homecoming assembly proved to be a real crowd pleaser as well as an inpsiration for everyone to get excited for the big game.

Thanks to all of the time put into the pep assemblies, the students were treated to many wonderful shows.

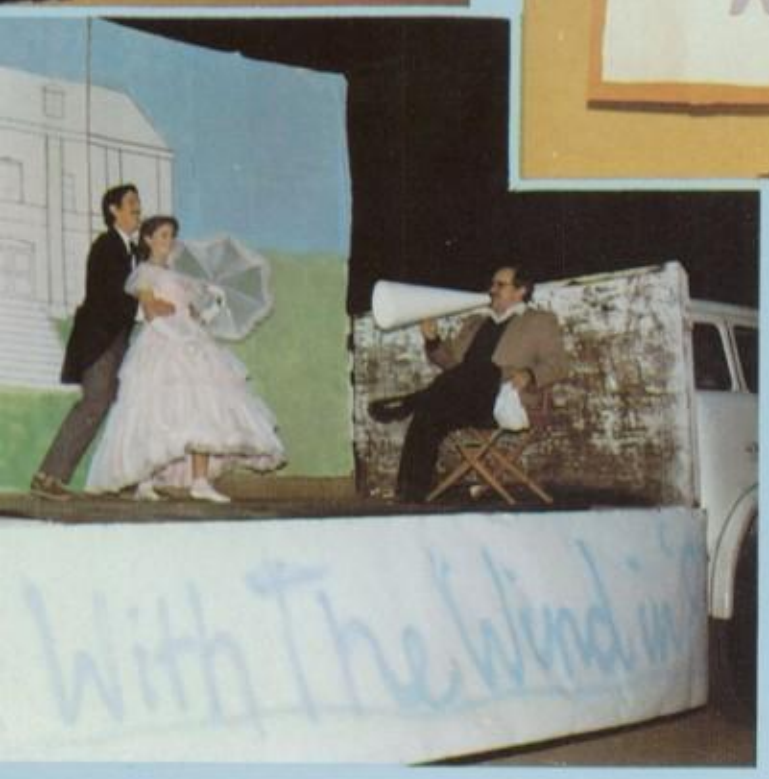
The Sophomore float represents one of the favorite American pastimes, football on T.V.! The Junior Oscar followed as the stadium lights and the of camera flashes bounced off of Oscar himself, as well as the floats preceeding him. The Senior float straight from Tara, included stars from the motion picture classic Gone With the Wind. The Seniors very special guest was the Mayor of Garden Grove, John Cannon, who is directing the scene.

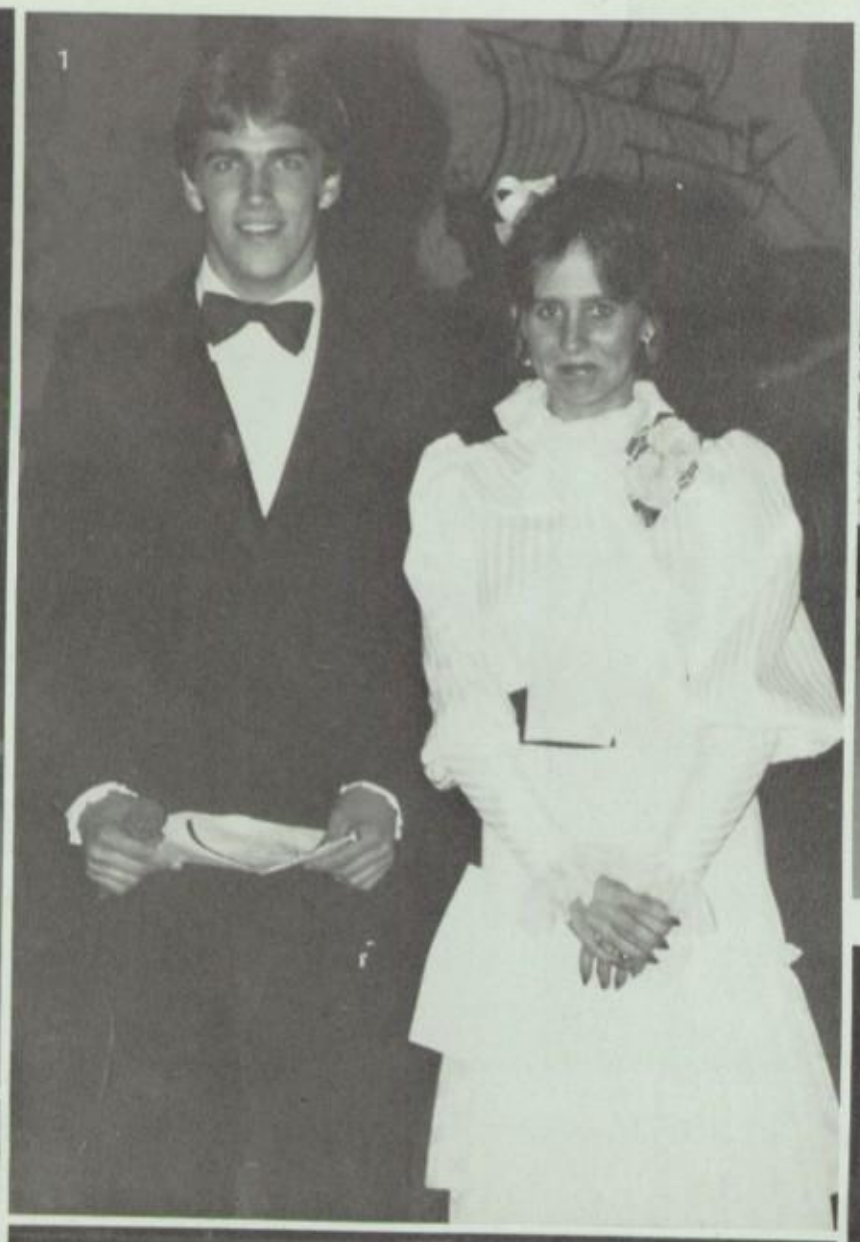
Also capturing the audiences attention was the Homecoming backdrop. The massive roll of film displays each class year along with the 6ft. Mariner Ship.

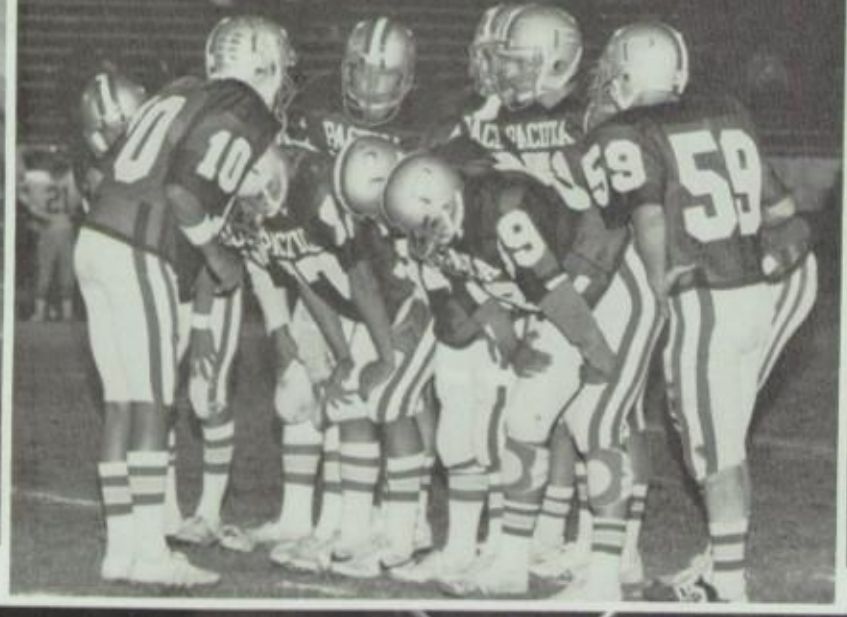
With the cooperation of the producers of the show, the A.S.B. cabinet and the director Barbara Mann, Cindy Spear and the entire Homecoming committee, Hollywood is given its greatest salute in the form of a Homecoming Spectacular no one will soon forget.



ABOVE: The Freshman float was a duplicate of the famous Hollywood Hills around which you may see a star or two that you may know.
It took many hours of hard work and a lot of school spirit, but the Freshman did it by presenting their version of the Hollywood Hills.

1) Oscar himself just as the Junior cabinet pictured him.
2) Heidi Berner, Sophomore princess, as excited as ever as a dream is coming true.
3) Denise Elsea, Junior princess, has made her father a proud man.
4) Getting ready for the fantastic Mariner team.
5) Cheri Cox, looking as pretty as can be.
6) The Sophomore float looking as real as the game itself.





1) Brad Flickenger, Barbara Mann, the two people who helped to contribute to a wonderful Homecoming and also starred as our professional producers.
2) The senior junker, "Did you sign your name? "
3) The Mariner team getting ready to score the touchdown.
4) Here come the stars, as they come up to get their oscars.

"Being Young and Growing Old"

Slow down, my friend,
slow down your pace.
Time is the sprinter.
Against him you race.

He runs much too quickly.
You can't beat his stride.
We're not here to beat him.
We're here for the ride.

Although he runs swiftly,
you don't need to hurry.
His course is predestined.
Believe me, don't worry.

Trust me there's time
for each little thing.
For each magic moment
that your life may bring.

Now open your eyes.
Look at the light.
Your future is endless.
Your future is bright.

Slow down your pace,
to a walk, not a run.
Yes, growing old
is just part of the fun.

It is something I will never know
Something I've always sought
Wondering will I ever show
The sorrow it has brought.

They tell me hurt will go away
That time will heal all
But twice my heart has had to pay
And now has built a wall.

Don't bring me any sympathy
It will only cause a tear
Don't greet me with hostility
I beg of you my dear.

I need someone to help me thru
The suffrage I have felt
And that is why I've come to you
With you my heartaches melt.

I see it happening one more time
And it pains me to the core
But if together our hearts do rhyme
Then my wall will be no more.

Two Years of Love

Look for the love, you'll find it here, with me, I will keep you safe,
For I love you so, you'll never know, just look for it on my face.
We've been through so much more than we think, but we've always, always, pulled through,
It's because our love is so very strong, it goes through me and back through you.
And a year has passed and I've seen the love, that grew between us so tight,
And all that strength no one else will know, we'll hold it safe in the night.
In all that time I've noticed us grow, to learn to be wise in all our ways,
But we still have a lot to learn for ourselves, but it will come to us within our days.
We've made it through another year, it's two now to be exact,
My love for you it hasn't changed, except I love you more, and that's a fact.
I hope we make it through again, even better than the last,
But if we don't all I can do, is try to be happy with the past.
Now this is the end of my song, and another year its true,
But I am looking ever so very forward to another year with you.

Mariners Prove The "Experts" Wrong,

Finish In Fourth

Having lost 19 starters due to graduation, the 1982 Pacifica Mariner football season was labeled as a rebuilding year. Many of the "experts" chose the Mariners to finish seventh in a field of eight. Youth was a big factor for the Mariners this season as 30 of the 45 team members were underclassman. The Mariners finished with a league mark of 4-3 and a overall record of 5-5.

A new passing offense used by Coach Craven provided much excitement for the fans. Junior quarterback Jeff Carlson passed for over 1,000 yards and sophomore wide receiver Bobby Long broke many school receiving records. Defensive standouts were returning all-league defensive back Larry Furry, Jeff Shanks and all-league safety David Bradley. Mitch Johnson provided the Mariners with a strong kicking game, connecting on several field goals of 40 yards.

1. Greg Applegate heads for the goal line.
2. Dave Bradley makes spectacular one handed grab.
3. Donnie Howard breaks tackle.
4. Mitch Johnson attempts conversion after Mariner score.

Tabbed by many as the third best team in the league, e Mariners played an uninspired game and saw their mpire League record fall to 1-1.

PACIFICA HOLDS OFF EL DORADO, 21-14

The Mariners used a fourth-quarter, goal-line stand and strong rushing performance by Greg Applegate to beat Dorado, 21-14. Applegate rushed for 120 yards and vo touchdowns on 22 carries, but it was Mike Blake idway through the fourth quarter that saved the win for ie Mariners. Inches away from the goal line on fourth own, the Golden Hawks were stopped short when Blake ropped El Dorado quarterback Matt Hayes for an 8-yard oss.

FIGHTING IRISH SURPRISE PACIFICA

In a wild, high scoring game, the Mariners came up on e short end, 42-28. Jeff Carlson passed for 5 yards tting on 18 of 26 pass attempts.

In a crucial game, the Mariners handed first place Loara a 20-10 loss. Jeff Carlson exposed a weak Loara secondary, passing for 200 yards. The Mariner Cross Country team endured through a rough season. Led by coach Bob Cape, most of the runners were either young or inexperienced. Coach Cape forsees a strong future ahead.

Mariners Shoot For League Crown

Consistency, that's the name of the game, says Mr. George Terlock, the ach of the Pacifica Mariner Soccer team. The 1983 team is led by 11 niors, that all have good talent. At the start of the year, the Mariners ere rated at the bottom of the league. But the talented team led by All-ague prospects Randy Lepore, Steve Fosmire, Don Mahony and Jim oss proved the ratings wrong. They worked together as a team, because ere is no real dominating goal scorer. All of the talent put together and eat team speed could give the Empire League a tough time.

With seven returning lettermen, the 1983 edition of the varsity tennis team is one of the most experienced and talented of any in the last few years. After a sixth place finish last year, the Mariners expect to finish much higher this season.

Topping the list is Brian Barry, a junior, who is one of the top players in the league. As a freshman, Brian reached the league doubles final and last year as a sophomore, was crowned the league's best player by winning the league singles title.

Closely following Brian are a trio of good, experienced players. They are, John Schloemann, Jordan Einbinder, and Matt Devine. They should do very well in league this year and all should contribute very important points to the team.

Rounding out the team are squadmen Kevin Chamberlain, Mike Devine, Duc Pham and newcomer Vince Harden, who has shown great promise in the few matches he has played so far.

Mariners Defend League Championship

The 1983 Pacifica diamondmen have a tough eason ahead. Last years league championship team st seven starters due to graduation. Leading the ay this year are returning All-League starters Walt lakely and Mark Bradley. Other returners include cott Von Eps, Brad Schneider and Larry Salaets. he team strength has to be fielding. It is their itching and hitting that has raised many question arks. The infield is sound with Sal Paldino at first, chneider at second, Jeff Fettig at shortstop and arry Furry at third. The outfield is solid with Brad- y and Blakely and newcomers Dave Campos and obby Long. As of this writing the team struggled rough pre-season finishing with a 3-3 record, but their first two league games they have won by cores of 11-0 and 2-1. With consistent pitching and nprovement at the plate a successful defense of e Empire League crown could be possible.

Although fielding a very young squad this year, the Mariners were extremely competitive in the Empire League. The Frosh/Soph. team brought home a second place trophy in the Sorona H.S. Invitational, led by Carol Wada who placed 1st over 63 competers. This group of athletes should provide many victories for Pacifica in the years to come.

At the awards banquet, freshman Wendy Mc Pherson was chosen Most Valuable, sophomore Carol Wada was given the Coach's award, and freshman Gaynell Edgmon was selected Most Improved. Both Mc Pherson and Wada set new home records in the freshman and sophomore divisions, respectively.

Volleyball Has Competitive Season

It was that time of the year again. The time when girls would get into their shorts and shirts to start their long hard practices for volleyball. This years Pacifica squad did the very exact thing. Working hard for that rough, competitive season ahead. The girls played well, but their scores do not portray the way the team is. The squad is really young with only 3 returning seniors, but with support from coach, Eleanor Pereau, the girls played as best they could.

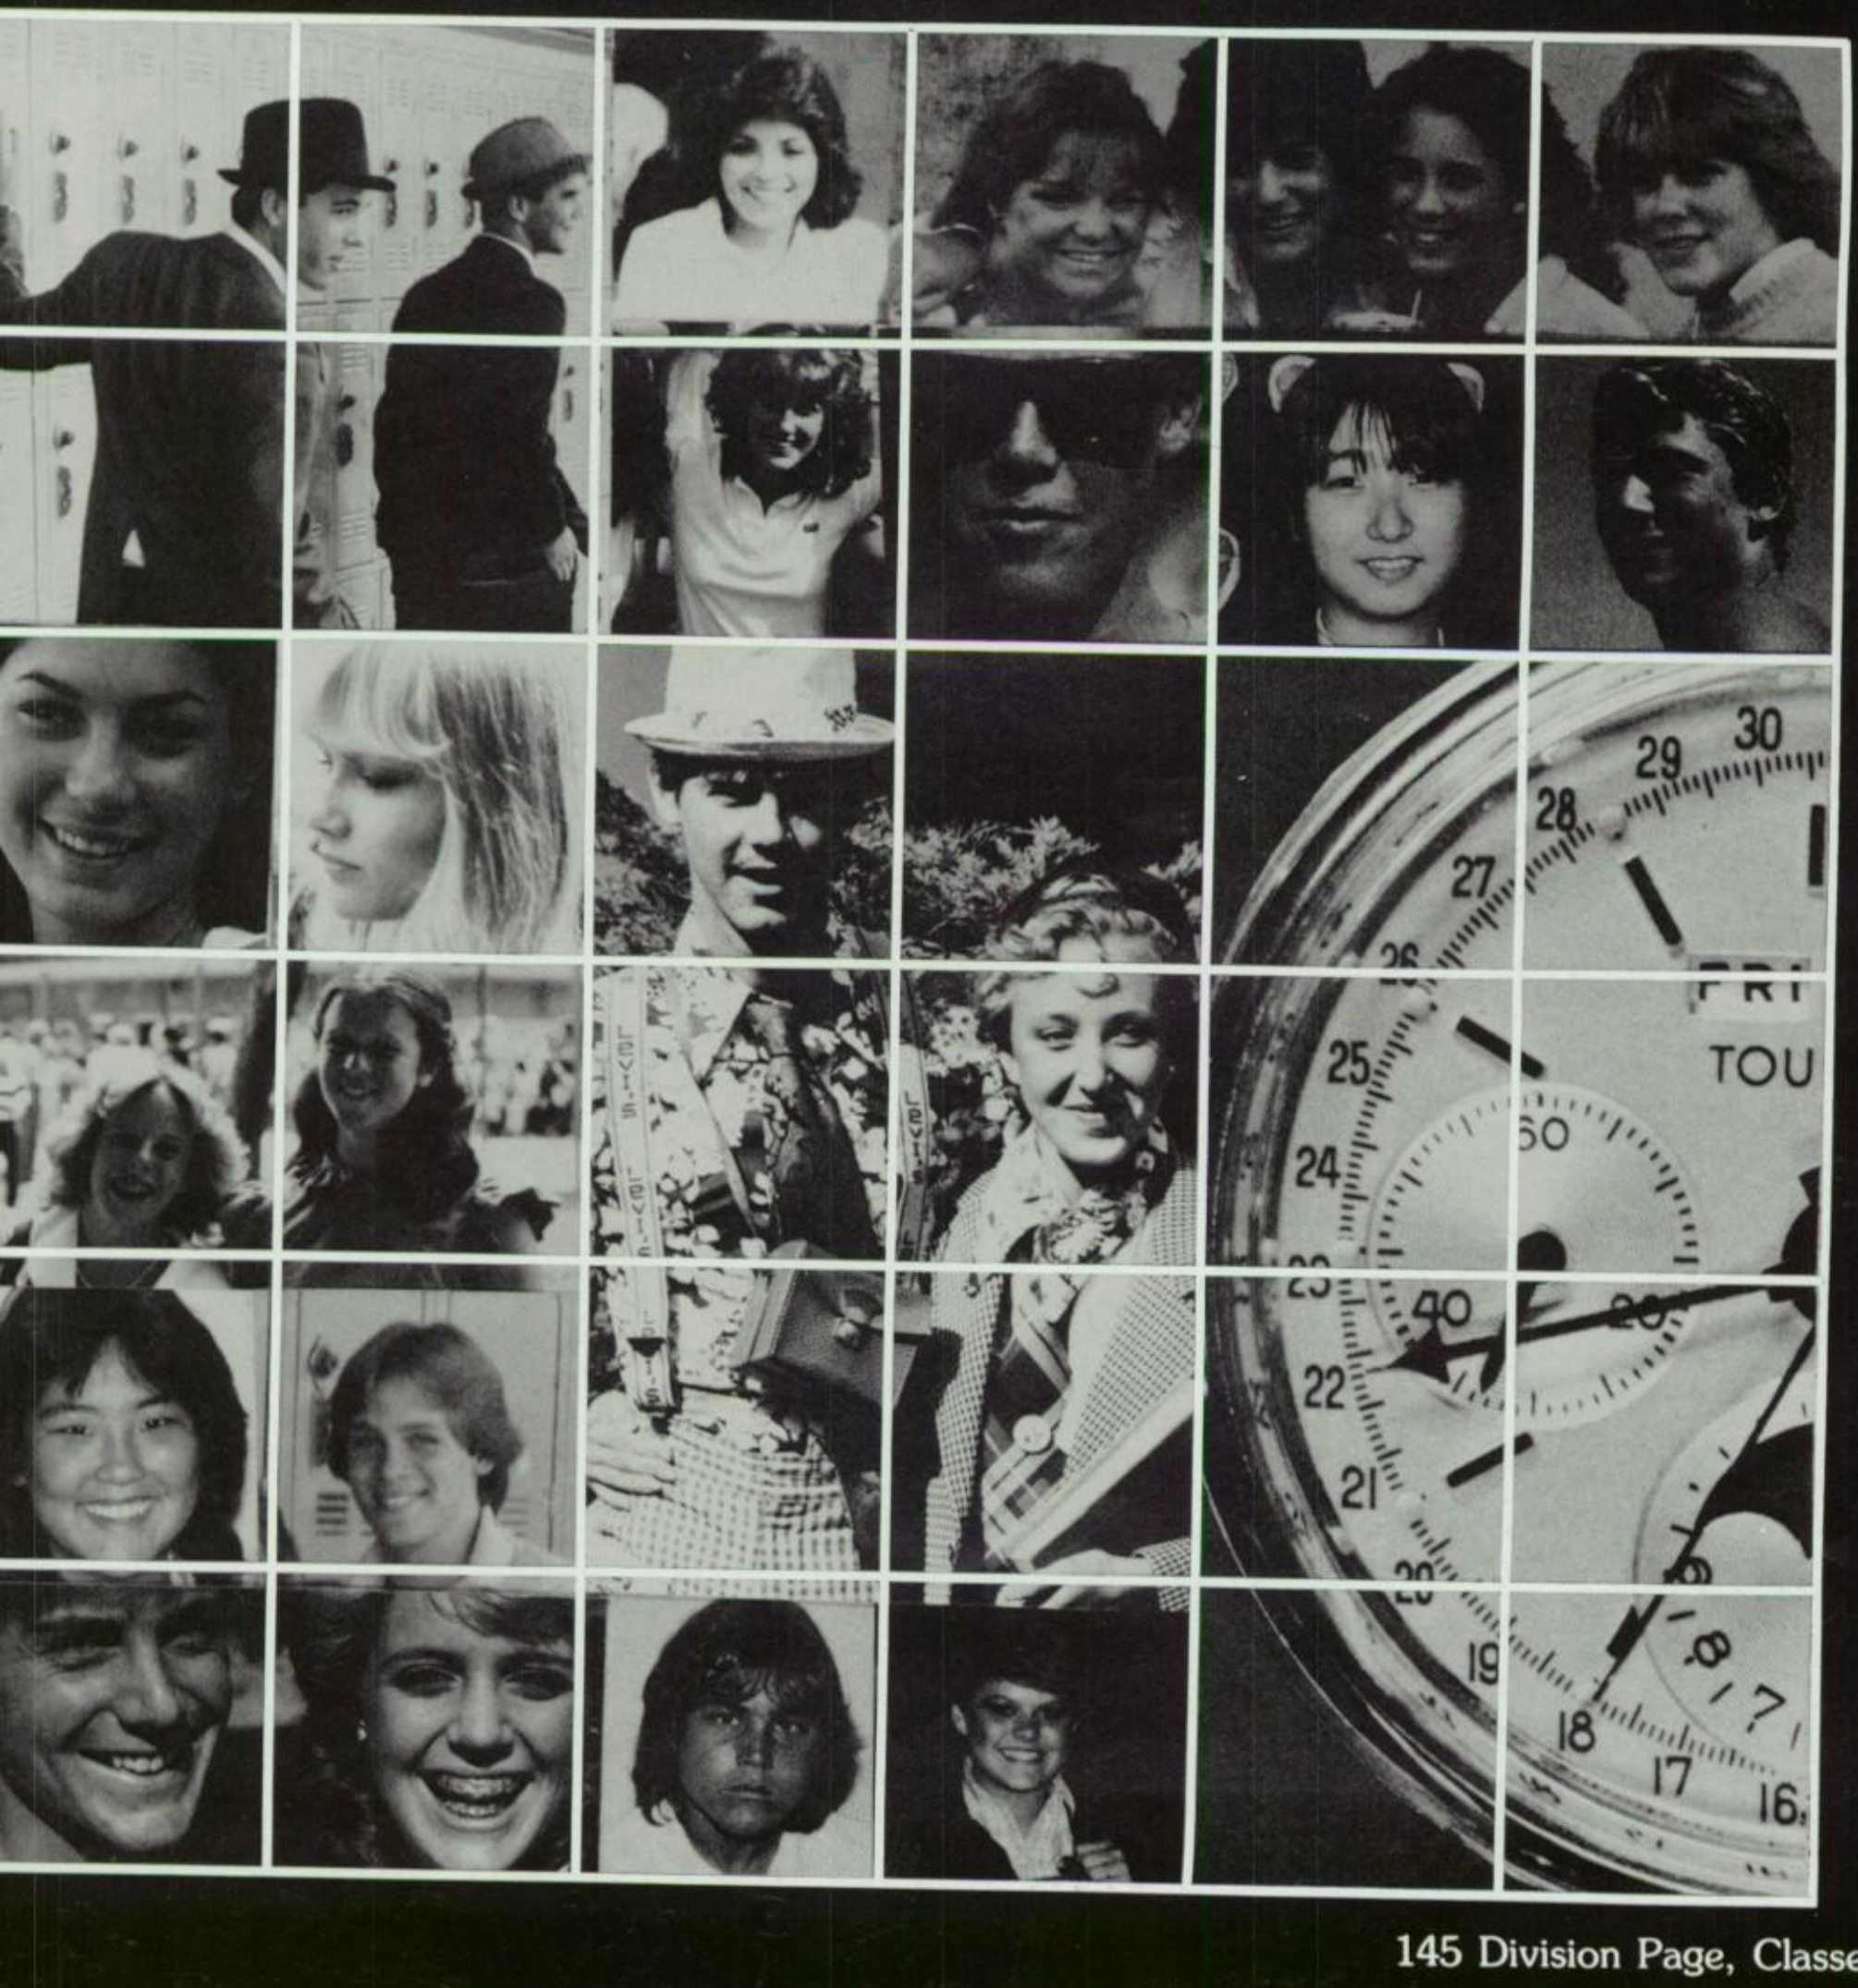
TIME FOR CLASSES

sion Page, Classes 144



SENIORS

At Pacifica, it begins with ordering the cap and gown, and doesn't end until returning the cap and gown (That is if the overdue library book is turned in, and that football jersey is given back). The subject at hand is the self-explanatory senior hassles, not to be confused with seniorities.

The second period bulletin went in one ear and out the other, right? Those announcements about the deadline for measuring for cap and gown didn't matter until it was too late. And it didn't matter until it was too late. And it didn't bother the teacher when half the class was filling out SAT applications (which were to be postmarked that day) instead of reading the assignment. Does the word applications ring a bell? It seemed that those lengthy college registration forms asked the oddest questions—"Where did you father live twenty years ago?" Or how about those mandatory senior questionaire from the yearbook staff asking such devastating questions such as "What is your favorite TV show?"

Of course, one of the most aggravating senior hassles at Pacifica has got to be the inability to obtain an open sixth. In place of Typing I because the counselor is inundated with senior requests to see him.

Although these annoyances and frustrations may seem irritating to the striving senior, in the end, the hassles are worth the tassles.

Seniors Rally

Pep Assembly activities have a tendency to bring Pacifica students closer together. The rallies for the 1982-1983 school year are distinctly different from those of the past. The energy radiated from them is extremely high. This new found vitality is mainly due to the attendance and combined effort exerted from the senior class of '83. At the first rallies, they dominated and overpowered the other three classes to undoubted triumph and the winning of the spirit jug. The positive result of the seniors control of the rallies was the influence they give to the other classes to try harder. Therefore, the underclassmen put more into decorating their sections and some of the people who previously didn't participate in the spirit competition started to.

On the whole, the rallies of this year have overcome the odds that have in the past brought the spirit and combined unity of all resulting in a better more positive atmosphere at Pacifica High School.

There's one person on this campus that you can't write to with impunity. To Jennifer Missler your handwriting reveals your character (and for a price, she won't divulge it to the world). She has studied handwriting analysis for several years because she feels "It is a useful device for penetrating fasades and helping people understand themselves and others." However, this is just a sideline for her and her friends' amusement.

Her main interest is in the performing arts. She has studied singing for four years and has taken jazz, tap and ballet off and on for five years. She has studied acting techniques at South Coast Repertory, Gem Theatre, and at the Actors Academy in Hollywood. Currently, she is participating in the Advanced Theatre Studies through the GATE Program (Gifted and Talented).

While at Pacifica, Jenny has been in a number of community productions including, "Fiddler on the Roof," "Bells are Ringing", "Oliver" and others. She was in Pacifica's versions of the "Pajama Game," "Web of Murder" and "South Pacific." In 1980 she was hired as an extra in the "Idolmaker." She plans to major in theatre arts in college.

When asked for her favorite teachers at Pacifica were, she said, "Mrs. Randall and Mr. Wucetich . . . they teach my favorite subjects." Her preference in light reading is generally fantasy, especially the works of Tolkien and Herbert. In her free time, she writes short stories and poetry.

Seniors Rule!

Never before has there been a senior class at Pacifica High School with such explosive enthusiasm and great determination. Although the class was a little smaller in number than in the past, the seniors of '83 have proven to be the largest in participation and the most domineering in school spirit. Because of their highly energetic attitude and outstanding leadership, the graduating class of 1983 has been a fantastic inspiration to all. Showing their spirit are Todd Hesskamp, Tracy McCurdy, Jill Cramer, Nancy Farber, Janet Hall, and Martha Csurilla.

SPRECHEN SIE DEUTSCH?

German Club is a special interest club. "The activities we do are culture related, and also just for fun," said Tory Curtis, club president.

The "German camp" has a weekend activity where it is against the rules to speak English. Mock trials are held for English speaking violations. Various punishments are given out to these "bad guys". The Octoberfest is a week long celebration of the harvesting of the crops. The Germans can really party!

The other activities like parties, picnics, and other outings are all part of this special interest club. All the members are enthusiastic about their "Duetch Club".

New News

WHAT'S AN ANCHOR?

To start with it's not an anchor, it's *the* Anchor, the school newspaper. The name change was due to a student vote held in October of 1982. The students picked the title from four suggestions: Mariner's Log, The Anchor, The Dinghy, and Mariner Gazette. All are nauticaully based, and all very fitting titles. The staff of the Anchor this year includes the following: top-Diana Milhone, Brandy Bustamante, Kenny Royal, Lewis Campbell, Scott Goolsby, Chris Pyles, Mike Sentance, Dean Wehrli, Kari Wolf. Bottom-Tania Alaske, Grace Kim, Shirley Vargas, Margaret Schneider, Dave Cook, Elizabeth Togni, John Kloman.

All work is done by the students, who strive to put out an orderly and informative newspaper towards the end of each month.

Our Heroes!

"Pacifica Mariners are Number One!" seems to be the message from these spirited Seniors at the Homecoming football game. This crew was the unsung heroes of our successful homecoming program at half-time. Senior Advise To The President . . .

With all the problems and turmoil the world faces today, President Reagan has the unpleasant and near impossible task of trying to please everyone. When asked what advice they would offer to the President, Pacifica seniors submitted the following responses:
"Give all the 1983 graduates governmental jobs with increasing salaries." John Frias
"Prepare to abandon ship!" -Sal Paldino
"Nuke the whales!" -Larry Salaets
"Give up, let me be President!" -Mark Smolin
"Do something with inflation because I would like to be able to afford the American Dream!" - Jennifer Park

One flew over the Cuckoo's nest, but this one landed. Steve Loop is looking good in his 3D glasses. Lunch Time Lunacy!

Lunch, probably the most popular thirty-five minutes of a school day for nearly twenty-two hundred Mariner students. It is the time of day to grab a sandwich, a coke, perhaps a few chocolate chips cookies, find a comfortable bench or a shady spot, and kick back with a few good friends. For some, the lunch break was a few minutes to relax and collect their thoughts. For others, it was merely a time to munch out, while others enjoyed thirty-five minutes of non-stop clowning around. Everyone had their own reason for acting a little zany whether they had just failed an exam, or were celebrating an eighteenth birthday.

Social graces forgotten, lunch sometimes took on a carnival atmosphere. Students let loose in an effort to shake their morning weariness. Best friends shared bits of gossip. Whatever you did at lunch we know you'll agree that this short break in the day let you kick back and enjoy school just a little bit more.

Senioritis

What disease is very contagious, begins just after Christmas vacation, and doesn't end until after graduation? SENIORITIS, of course! For those unfortunate few who have not yet experienced this unavoidable disease, here are some expert definitions of what senioritis is.

SENIORITIS IS . . .

". . . Not doing your homework." -Scott Marskell

". . . going to Perry's instead of fourth period." -Anonymous

". . . a social disease given by a senior — (like mumps, of course)!" -Walt Blakely

". . . an excuse to go to the beach." -Jon Nagel

". . . Breaking out in hives over your SAT scores." -Mary Maras

". . . going out and doing whatever you want without getting caught." -Tom Sosa

". . . the disease that makes you the best class in the school!" -Chris Thompson

". . . GREAT!" -Sandy Bowman

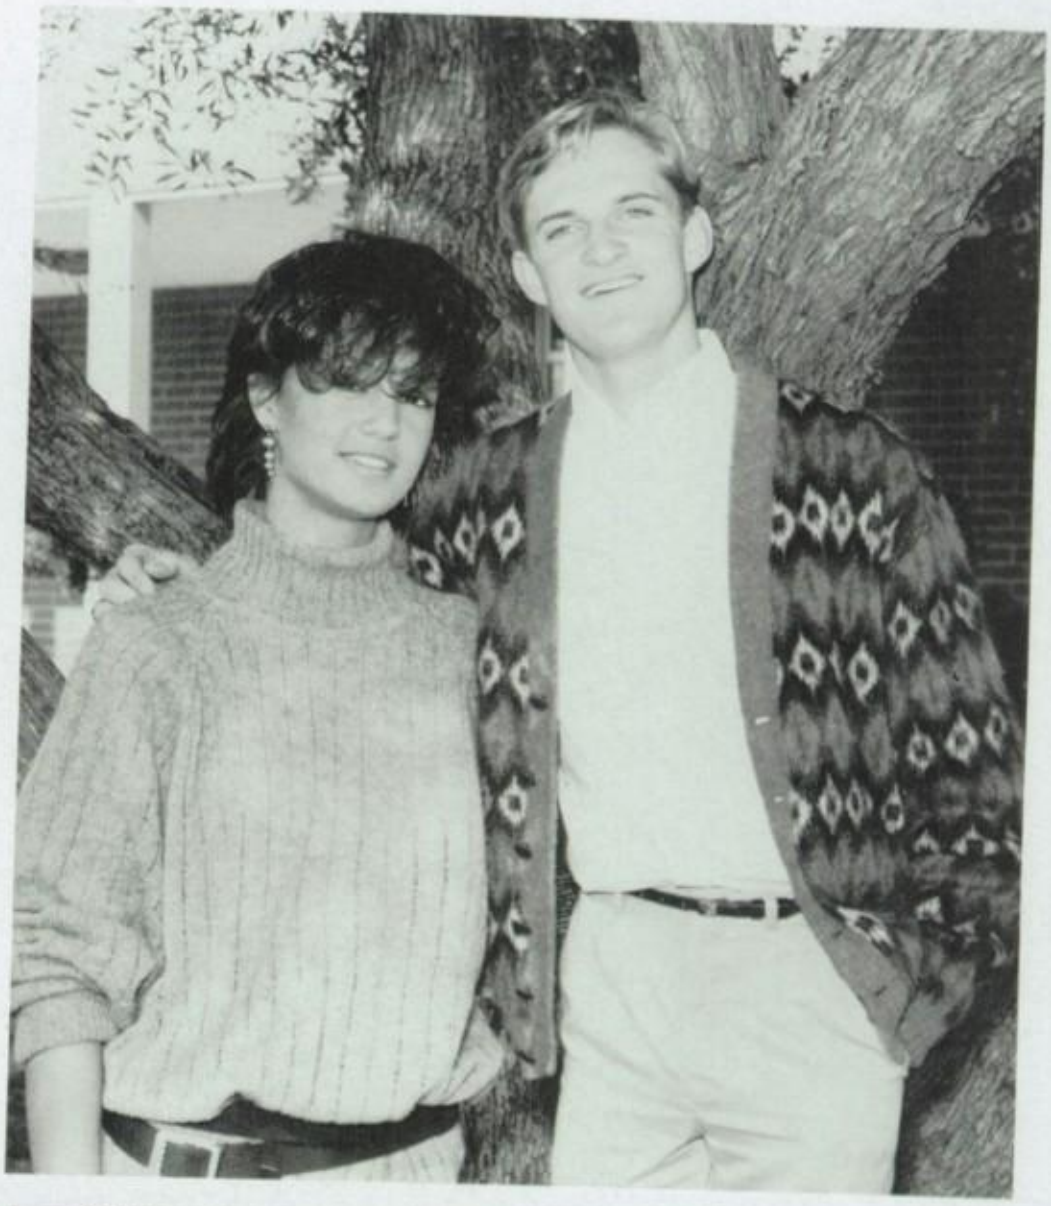
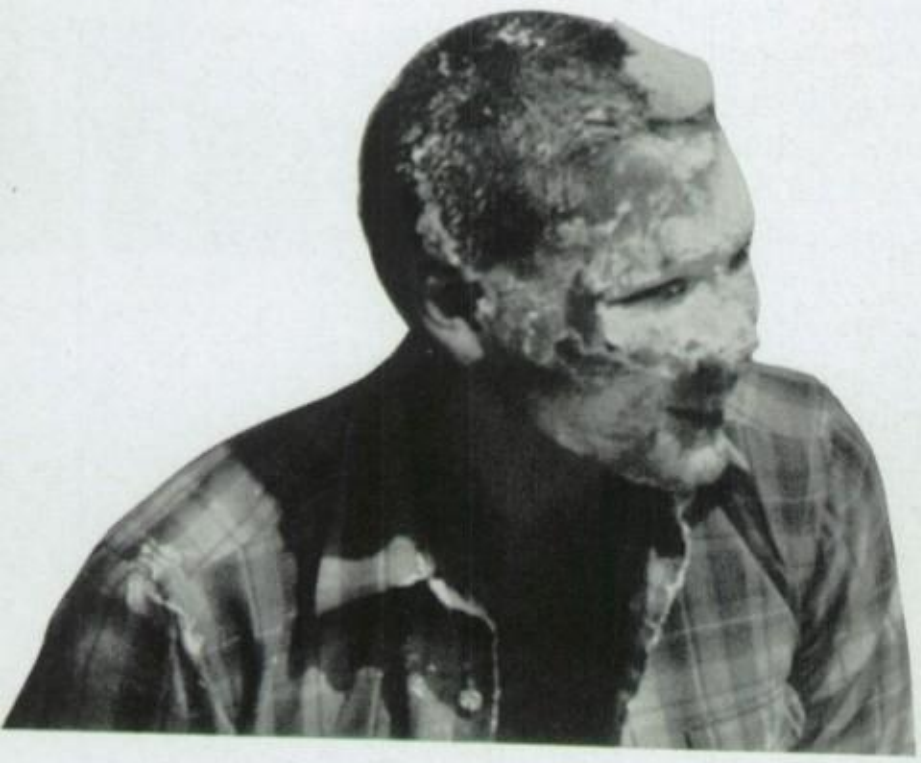
The Chosen Ones

BEST DRESSED:
TIM CLARK & MICHELLE POWELL

With all of the different fads and fashions how do you choose what clothes look best on you? It's hard, but Tim Clark and Michelle Powell sure do a terrific job. Tim and Michelle have the ability to look fashionable in just about anything. They'd look just as good in an old Sweatshirt and jeans as they would in formalwear for a dance.



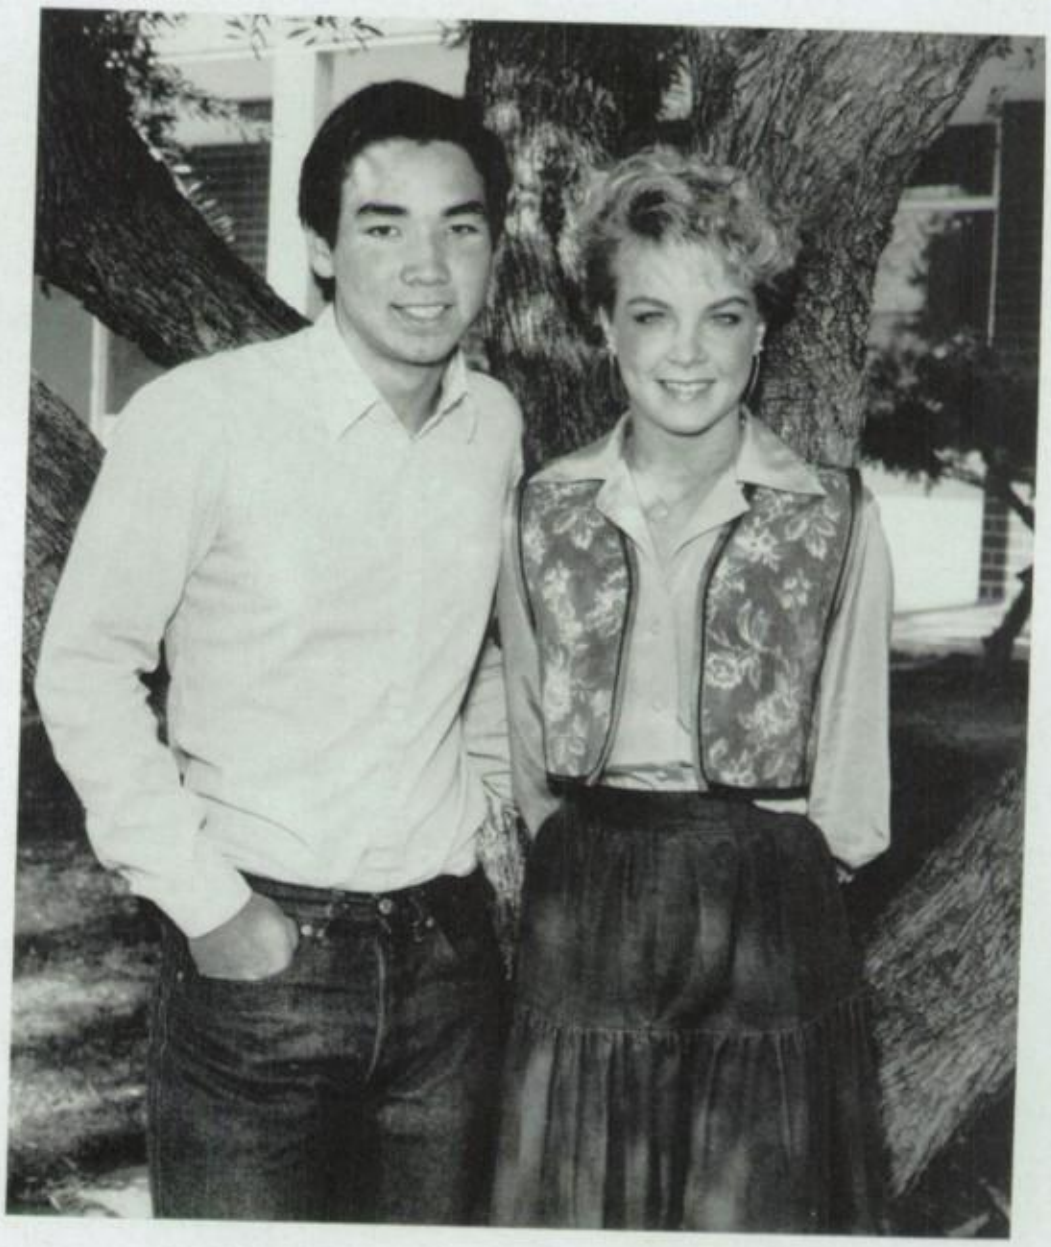


MOST LIKELY TO BE REMEMBERED:
WALT BLAKELY & CINDY BILLHEIMER

How could anyone forget Walt Blakely's face buried in a cream pie, or Cindy Billheimer's performance in South Pacific? Those are events you just can't forget. Walt is one of those guys who will always be remembered for his crazy antics on campus as well as for his outstanding athletic ability in basketball and baseball.

Cindy's performances in "The Pajama Game" and "South Pacific" will not be soon forgotten. And how can anyone forget that surprise moment when she was crowned Homecoming Queen?

Bcause of all their contributions to the High-standards in extra-curricular activities, Walt and Cindy will be remembered the most through the years.

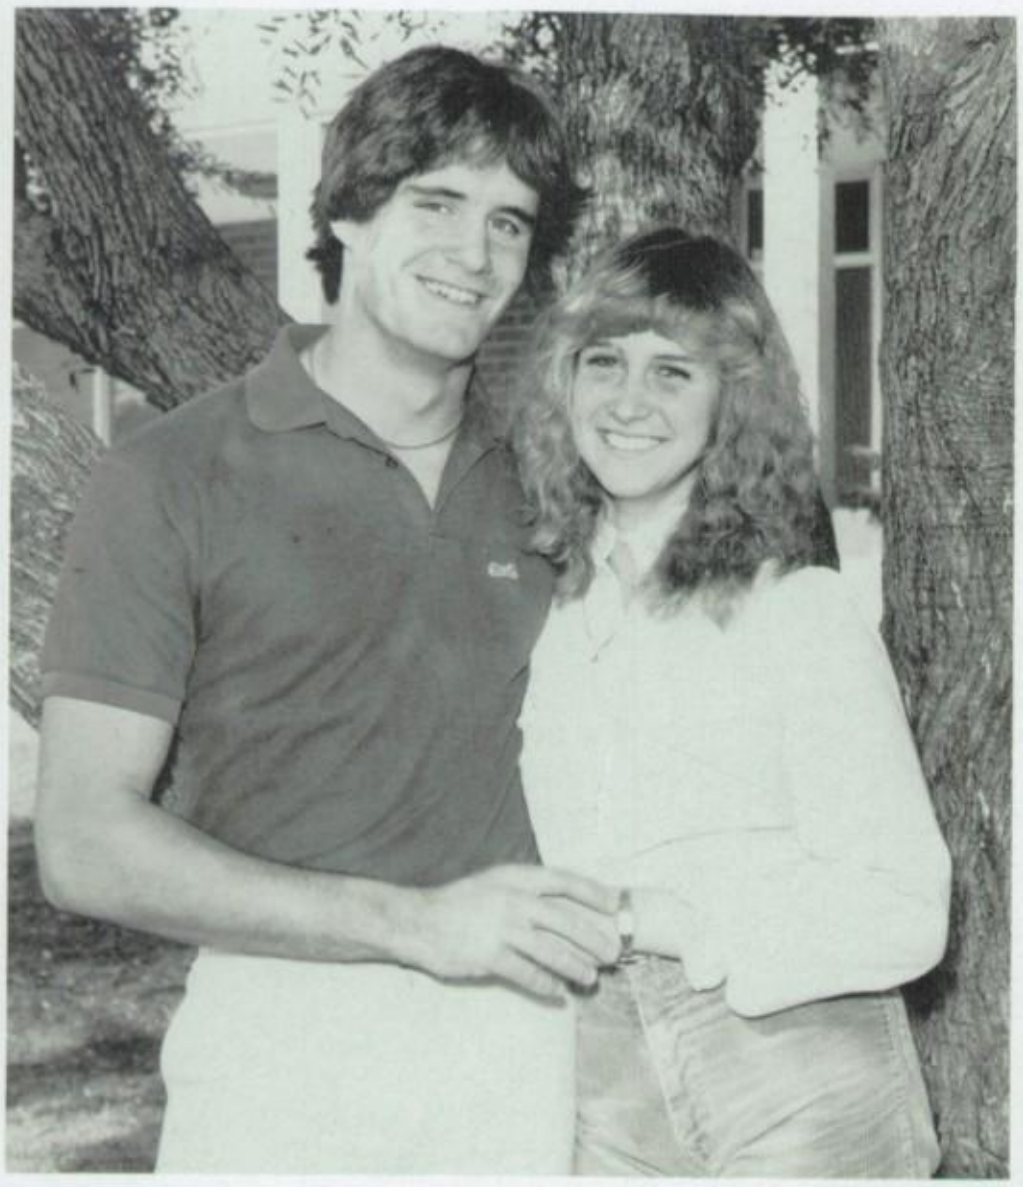


MOST GULLIBLE:
CRAIG ASHLEY & TIFFANY STEVENS

If Mr. Gereb came up to you and offered to sell you Pacifica Swamp land cheap, would you buy it? Well, Craig Ashley and Tiffany Stevens would probably jump at the offer. The unbelievable thing about it is that they would be serious about buying it. This is what has earned Craig and Tiffany the title of "Most Gullible Seniors."

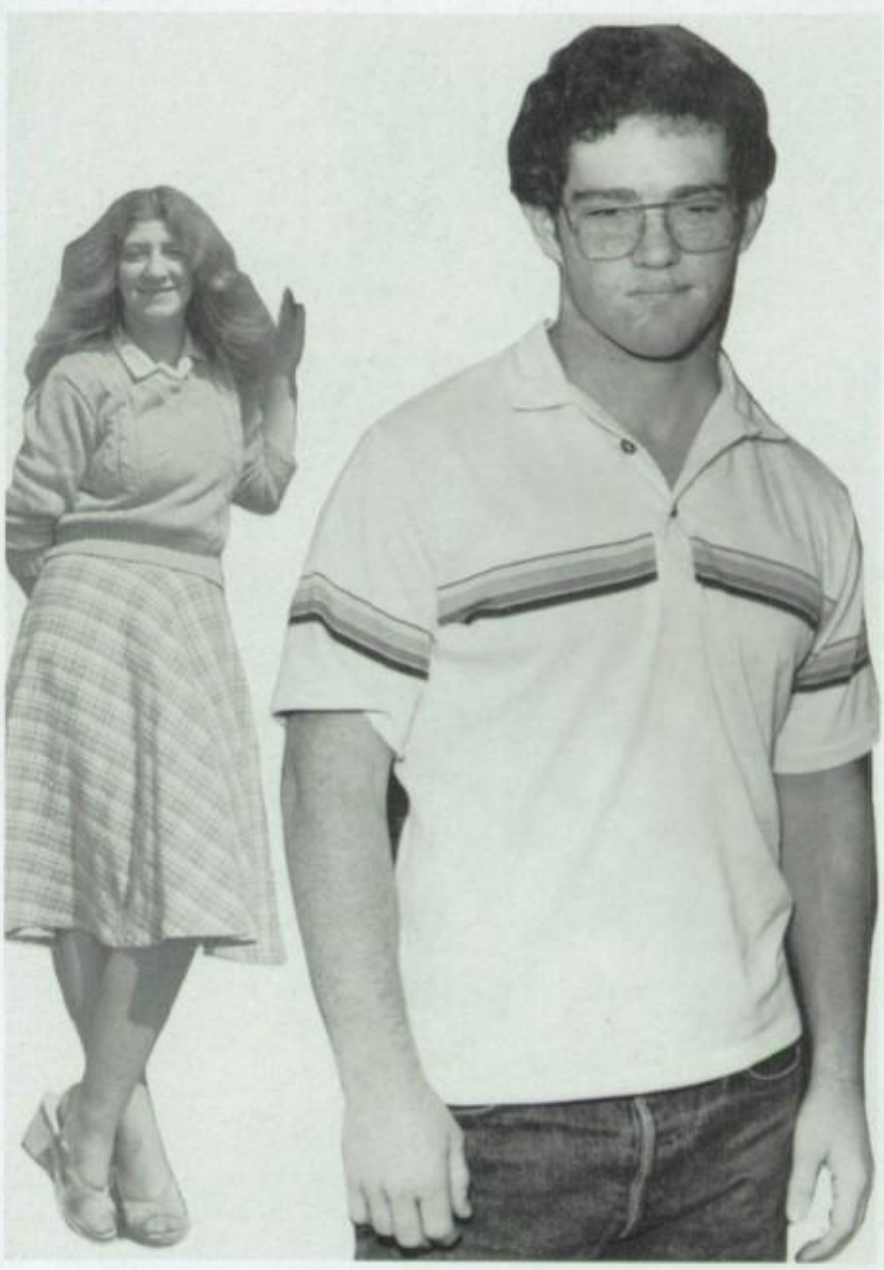
MOST INTELLIGENT:
MIKE BENTON & KARA ENGER

Contrary to popular belief, the equation $E=Mc^2$ was not developed by the mathematical genius, Albert Einstein. It was, in fact, developed by our own Mike Benton and Kara Enger. The I.Q.'s of these two are phenomanal. Don't be too shocked if you see Mike and Kara advising the states top nuclear physicists.



CLASS FLIRTS:
MIKE MORGAN & ANGELA EDWARDS

The basic general characteristics of a flirt include being light-hearted, spirited, happy and always smiling. These characteristics are quite true about Mike Morgan and Angela Edwards. They always seem to be so happy and glad to be around other people. In other words, Mike and Angela are the life of any party.



MOST GRUMPIEST:
BILL CARTER & KIM FANZO

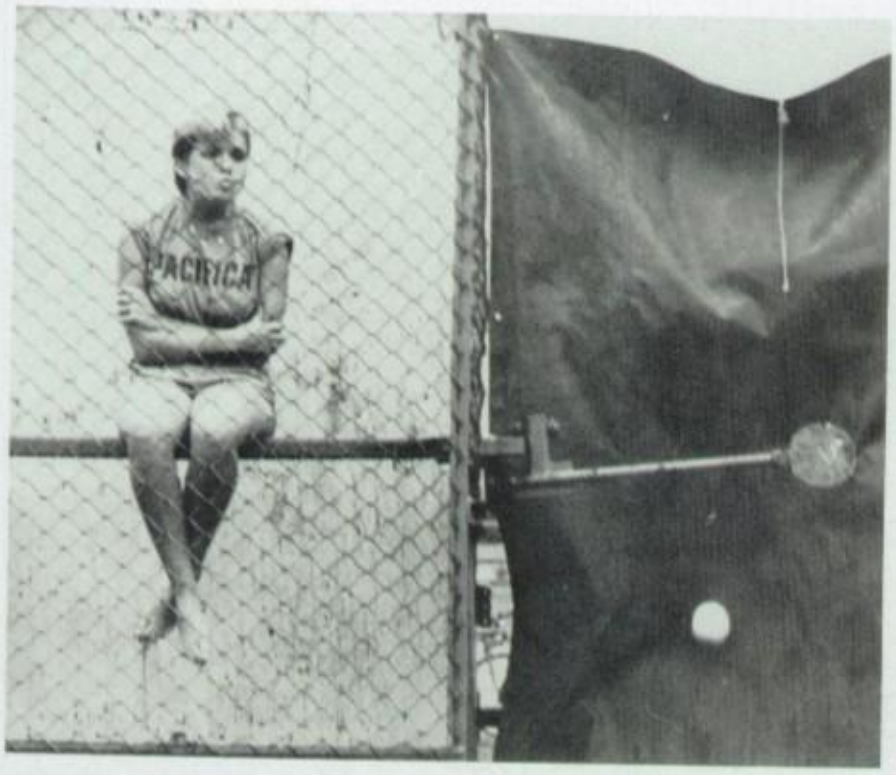
If there is one thing in the world that you want to avoid it's waking Bill Carter and Kim Fanzo up in the morning. Talk about grumpy! Without their morning coffee, Bill and Kim are like walking time-bombs, ready to blow-up in your face.

MOST LIKELY TO SUCCEED:
BRAD FLICKING & BARBARA MACIAS

"The Flickinger and Macias Corp. closed at 11.6 on Wall Street today." Don't be too surprised if you hear this headline on the six o'clock news one day. Brad Flickinger and Barbara Macias are just the type who could start their own business and build it up to be a multi-million dollar conglomeration that would have the ability to buy out General Motors or ITT.

MOST SPIRITED:
CLINT PRICE & DANA FELTENBERGER

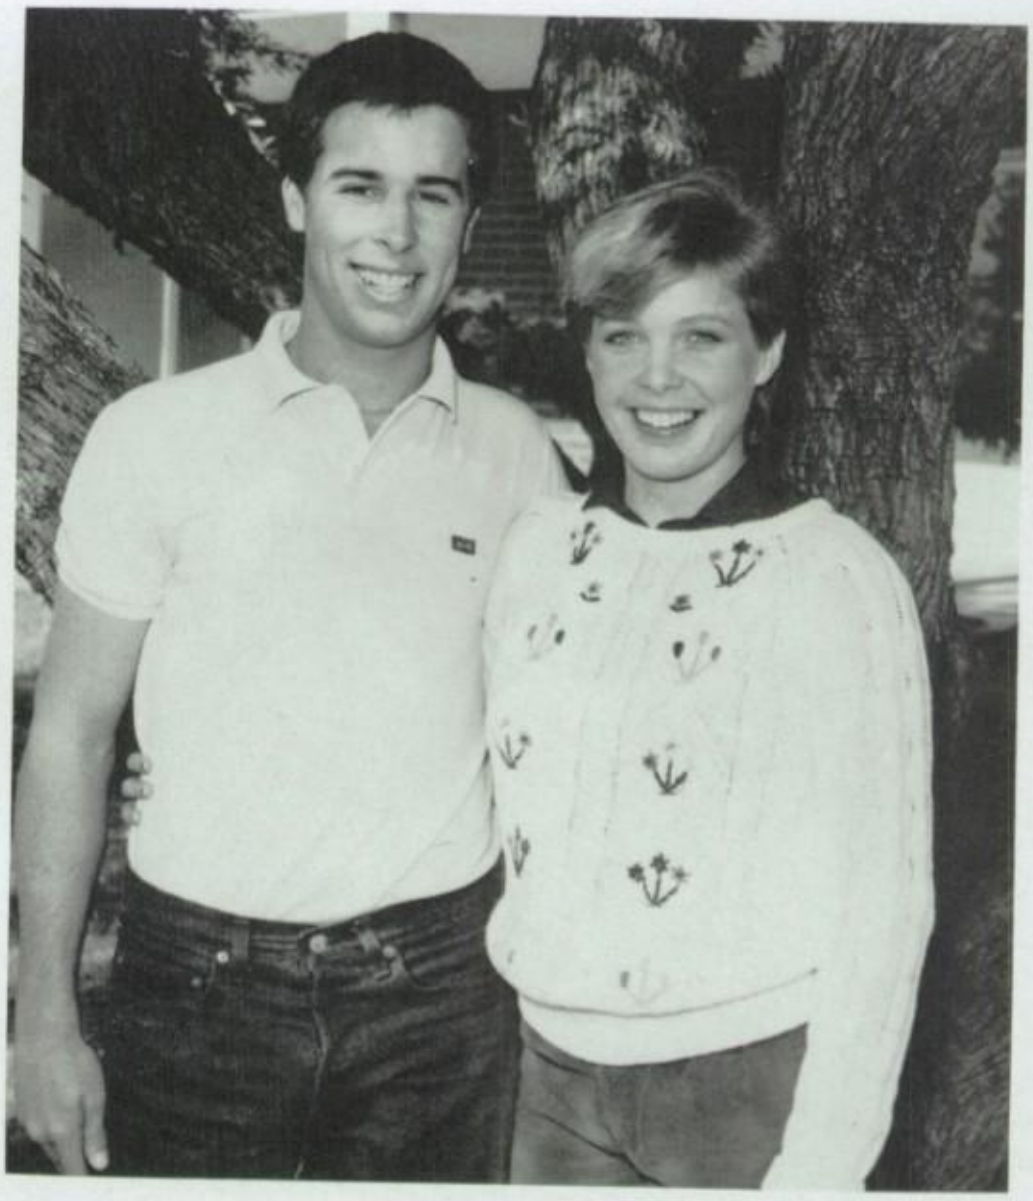
What can you get from one who plays the school mascot and a varsity cheerleader? Enough spirit to keep an entire school alive. Clint Price, alias "The Sea Dog," and Dana Feltenberger are perfect examples of school spirit. It's evident in their personalities and contributions to Pacifica.



BEST PERSONALITY:
BILL LONG & KIM WALLING

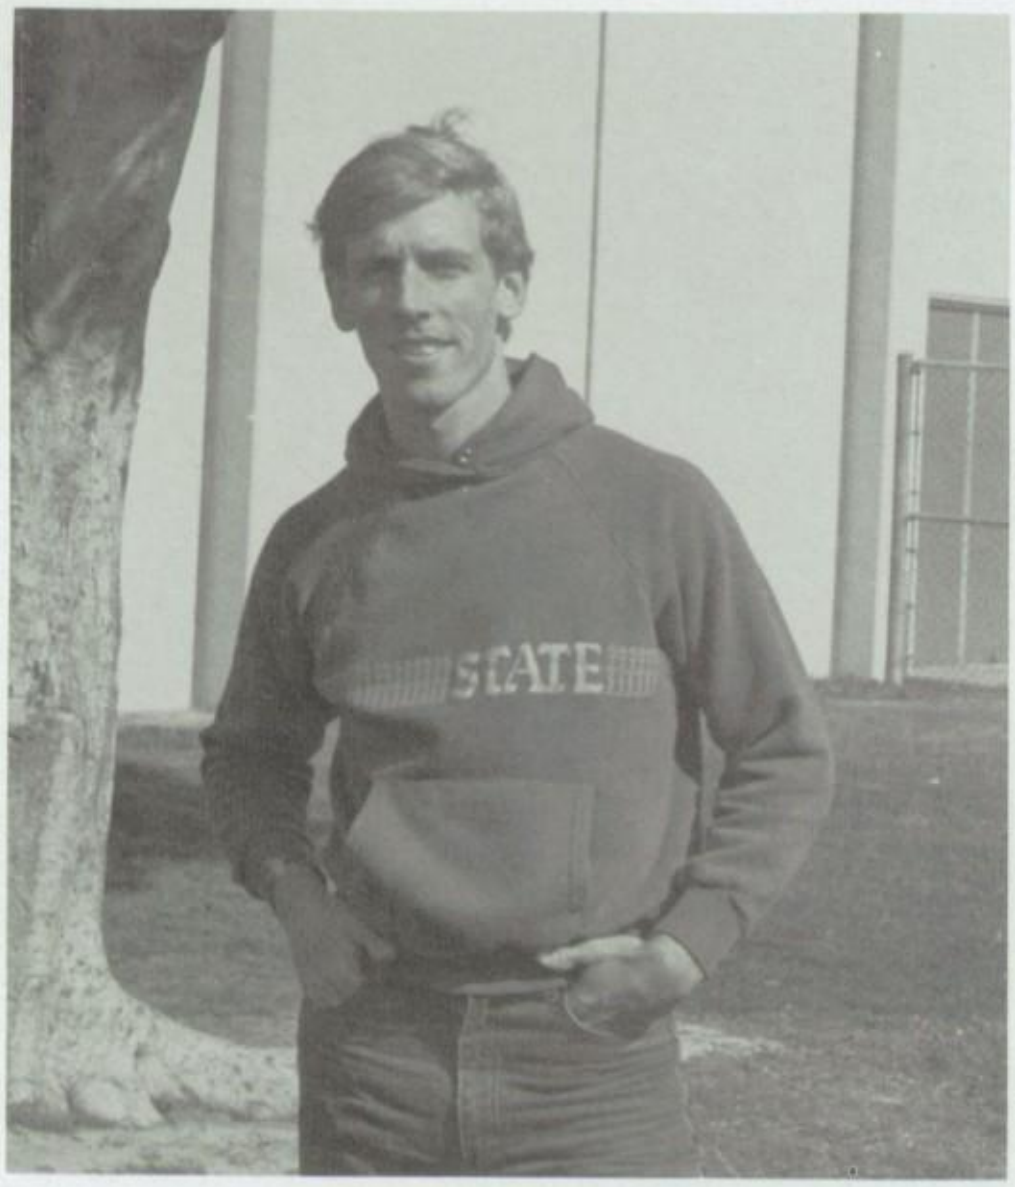
People with terrific personalities are a rare breed these days. We're lucky, for we have two of the most outgoing people anyone could hope to meet. Bill Long and Kim Walling are two really neat people.

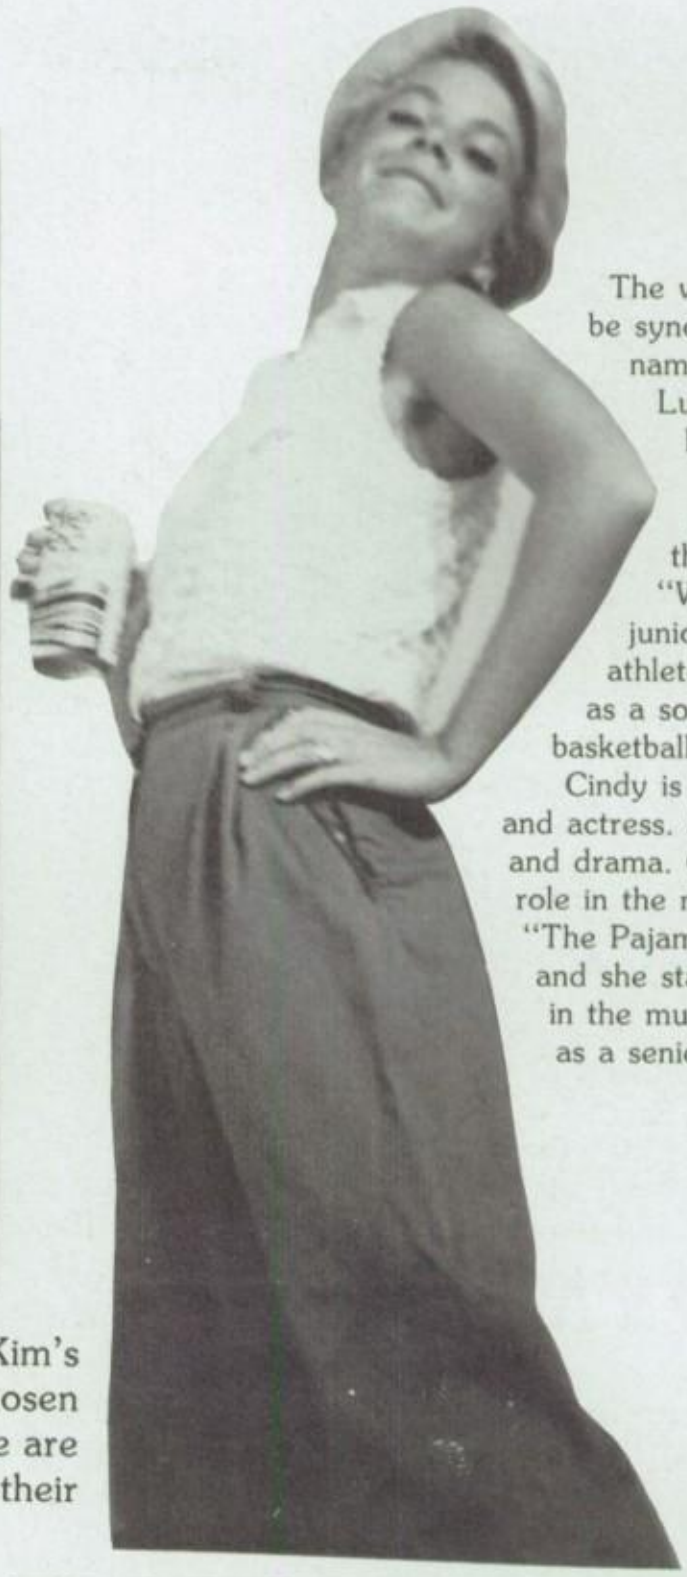
As an athlete, Bill has made friends with his teammates as well as people from other schools. Kim has a terrific personality also. She's definitely not the shy type, and she loves being around people. We're really fortunate to have two such wonderful people.



BEST LOOKS:
SCOTT MARSKELL & CINDY BILLHIEMER

If Vogue or Gentlemans Quarterly ever caught a glimpse of Cindy Billheimer and Scott Marskell, respectively, watch out! Their faces would be on the covers in no time at all. Scott and Cindy are lucky enough to have the looks of healthy, spirited teenagers.





MOST TALENTED: DAVE WEST AND CINDY BILLHEIMER

The word talented seems to be synonymous with the names Dave West and Lucinda Billheimer. Dave has many talents that include acting and playing sports. Dave the actor starred in "Wait Until Dark" in his junior year. Dave the athlete played JV baseball as a sophomore and JV basketball as a junior.

Cindy is an experienced singer and actress. She is active in chorus and drama. Cindy had a major role in the musical production of "The Pajama Game" as a junior and she starred as Nelly Forbush in the musical "South Pacific" as a senior.

What does Jon Nagel's 1955 Pontiac Sedan and Grace Kim's 1982 Datsun 280ZX have in common? They were both chosen the seniors favorite car. Although one may think that these are just cars, to Jon and Grace they hold fond memories of their high school days.

ALL-AROUND:
BRUCE SWERDFEGER AND LISA MARTINEZ

Bruce and Lisa aren't your typical, run-of-the-mill seniors. They both possess the qualities that make good leaders, and they are definitely an inspiration to those who know them. Bruce is a varsity basketball player as well as holding the tough job of Senior Class President.

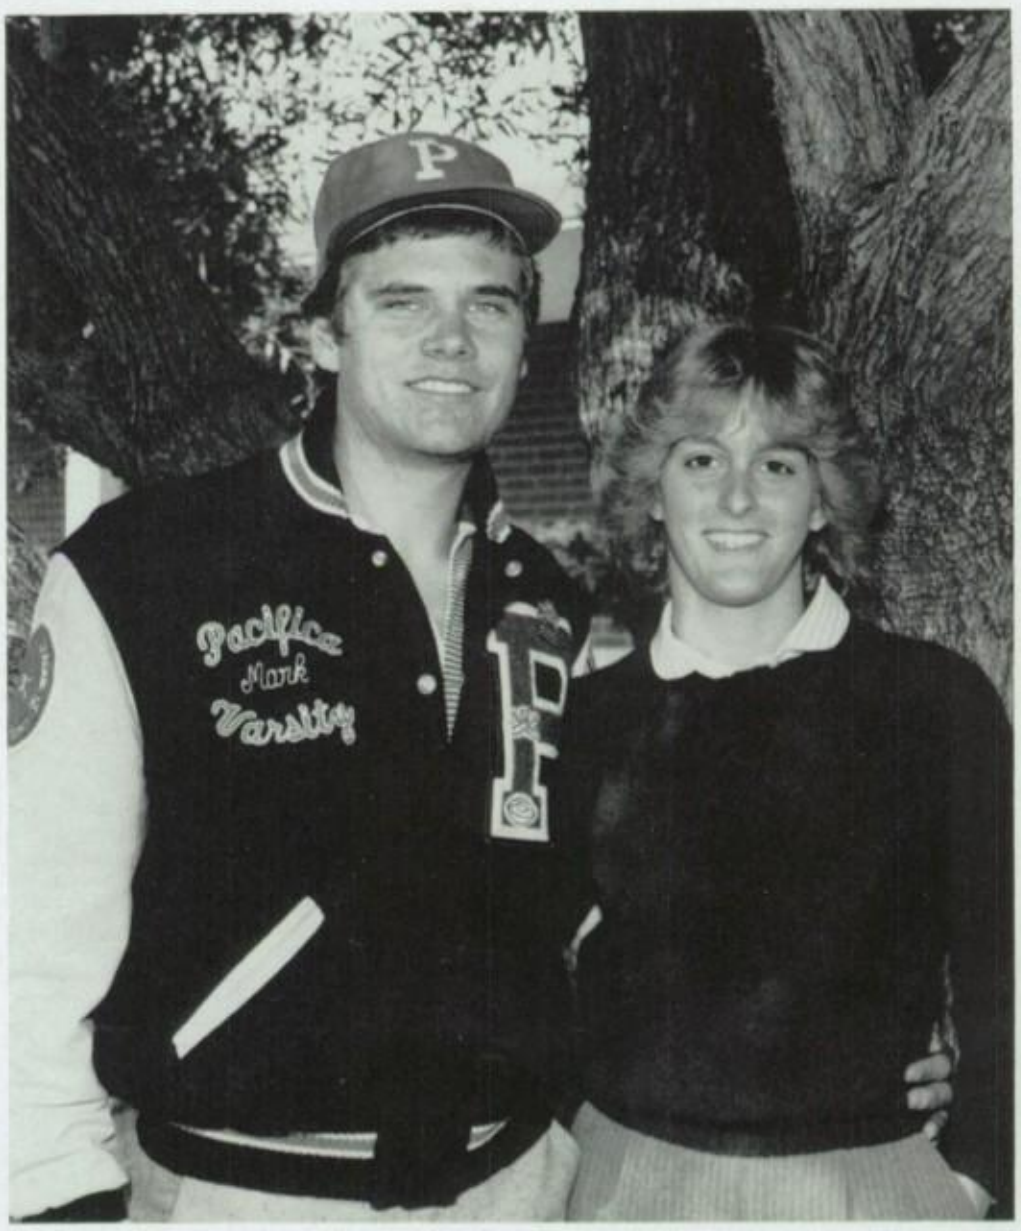
Lisa has been in drill team and the demanding position of ASB Vice President. The class of '83 is lucky to have such outstanding seniors like Bruce and Lisa.

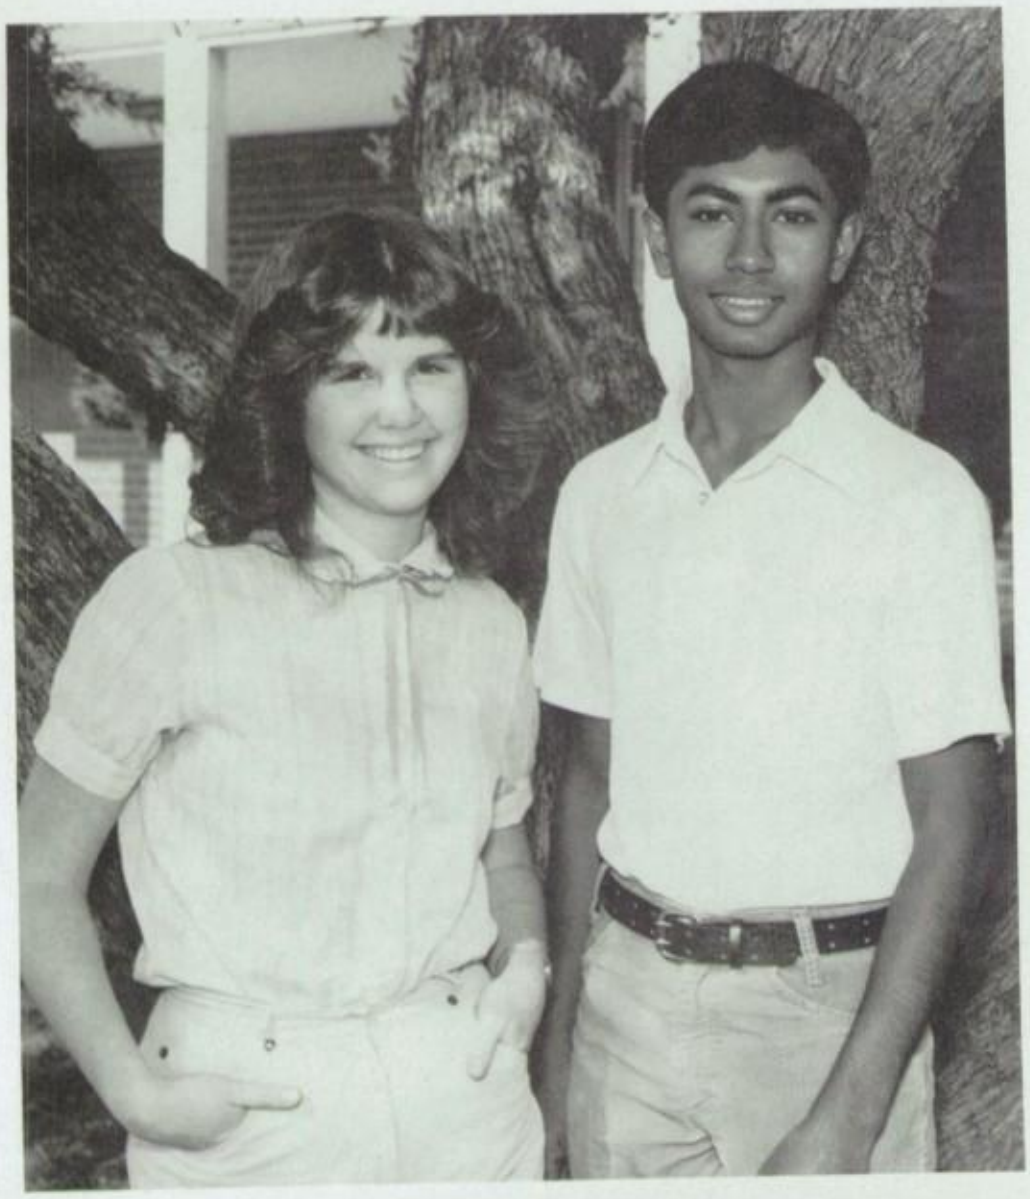
MOST ATHLETIC:
MARK BRADLEY AND JANET FETTIG

Def: athlete n.: One skilled in exercises of agility or strength.

The definition of athelete sure applies to Mark Bradley and Janet Fettig. Mark is an all-around athlete. He was on the varsity football team for a year and a star pitcher for 3 years on the varsity baseball team as well as being named all-league in his junior year.

When speaking of the girls' soccer team, you have to mention Janet Fettig and her outstanding ability to play well. Janet was named Empire League Player of the Year in the team's first year in the league.





MOST SHY:
SAJI ABRAHAM AND JANET BENLIEN

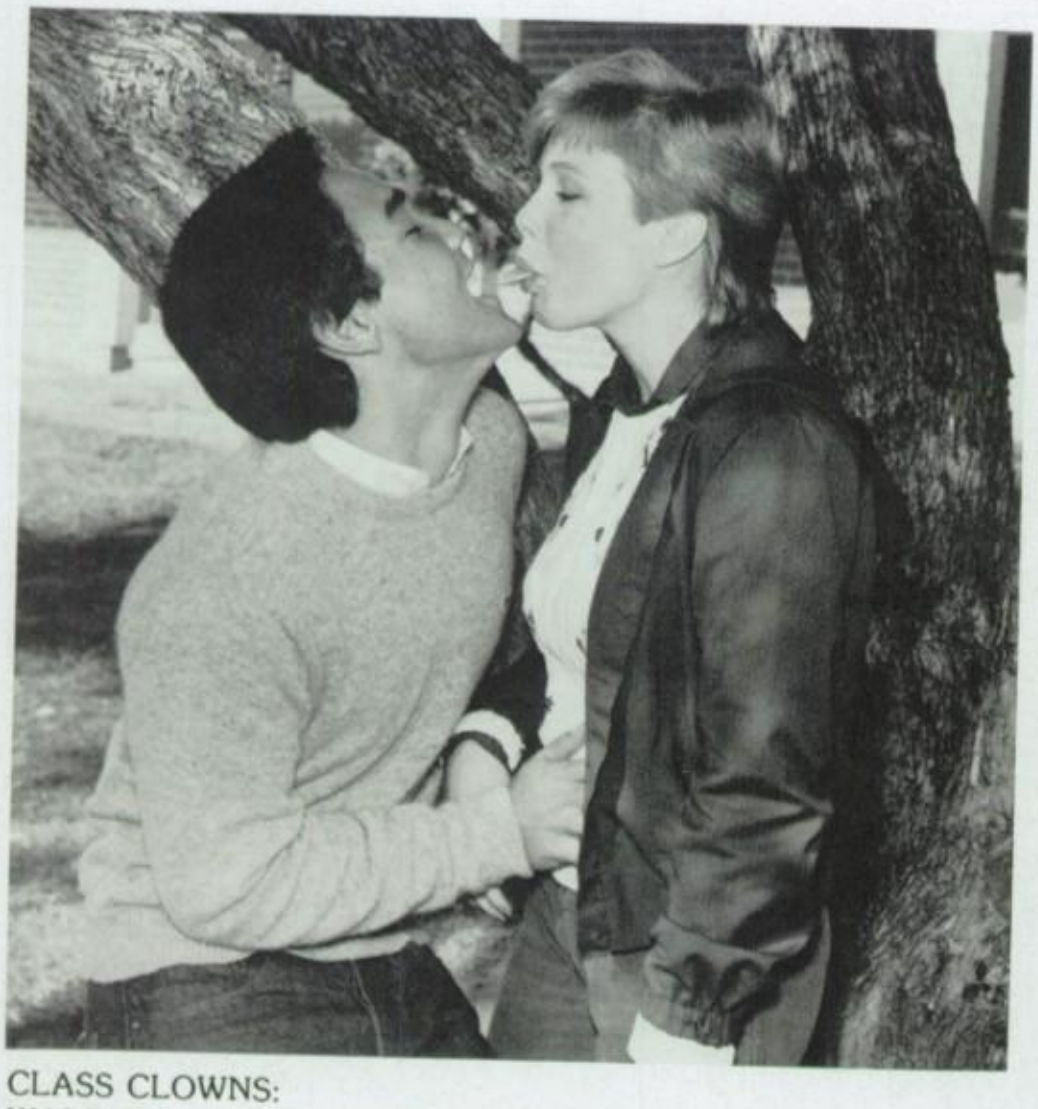
Who's quiet, shy, and has the ability to turn red with the blink of an eye? Saji Abraham and Janet Benlien, of course. The only time you'll see Saji and Janet in front of everyone else is when they're placed in alphabetical order.

* NOTE: Don't take their shyness too seriously.

Both Janet and Saji have the ability to be the friendliest people you could ever meet.

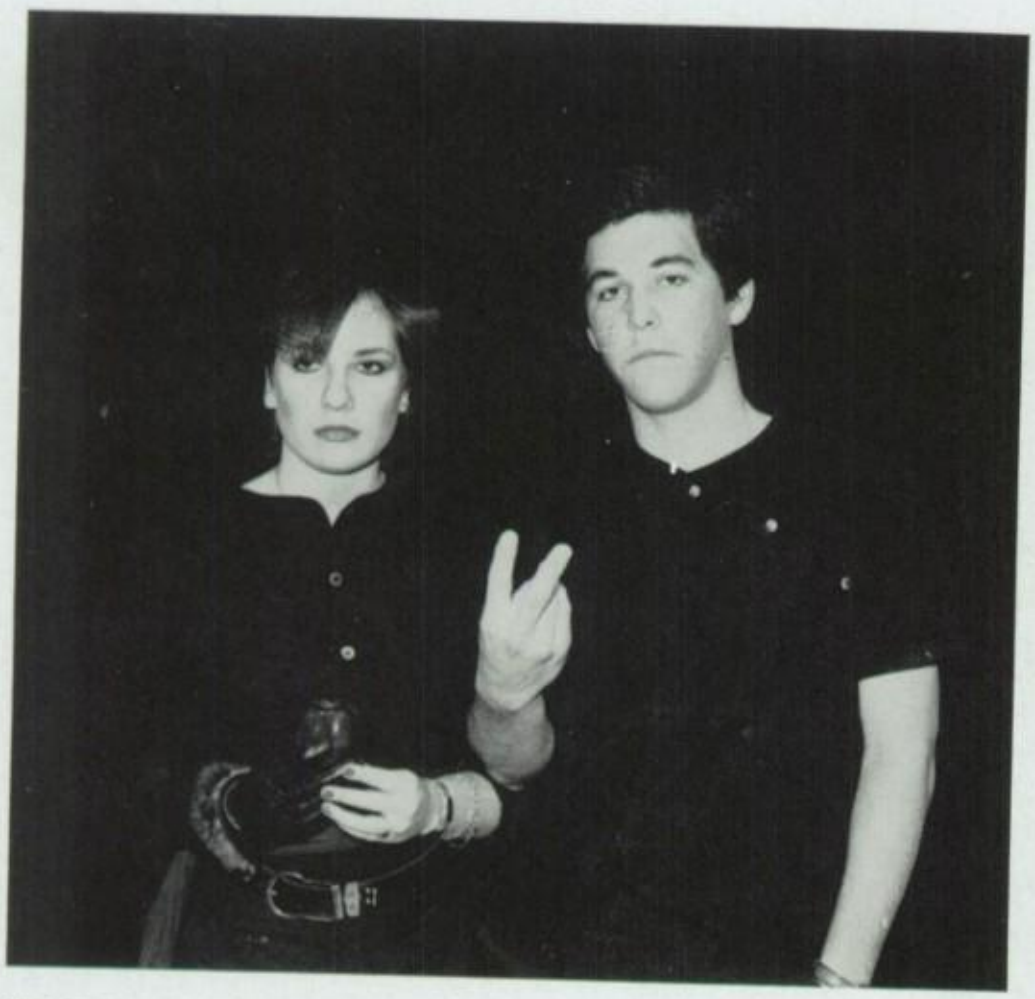
SENIOR SWEETHEARTS:
JANET HALL AND LEON LOWERS

Everyone knows that there are plenty of relationships that never go very far and not enough that eventually become permanent. The one relationship that has lasted throughout junior high and high school is that of Leon Lowers and Janet Hall. If there are two people that cannot be separated, it's Leon and Janet. They just seem to keep on going strong.



CLASS CLOWNS:
WALT BLAKELY & KIM WALLING

Class clowns; every class has them; but none compare to Pacifica's clowns. Walt Blakely and Kim Walling have actually earned their title of class clowns throughout their high school years. Those who know them the best will be the first to admit it, and if you don't believe them just ask Walt and Kim.



MOST LIKELY TO . . . ?
BRIAN PIETTE & JACKIE ORCZEHOWSKI

What can be said about the futures of Brian Piette and Jackie Orczehowski? Whatever it is, you can be sure it will be unique. These two could end up becoming anything from a nuclear physicist to a door-to-door cold remedy salesman. What ever Brian and Jackie do, they'll be sure to do it their way.

Being eligible to graduate as a Sealbearer requires many hours of studying and hard work. One must be a member of the California Scholastic Federation for a number of years to have an additional gold seal on his diploma.

Graduating as a Sealbearer is quite a high honor in scholastic achievement. There are even scholarships available to only those who have earned the title of a Sealbearer.

These Seniors have worked hard to earn their gold seal and it's an honor they should be proud of.

Mrs. Rhoda Randall, currently an English teacher, is one of the advisors in charge of the CSF club and the sealbearers.

Mrs. Cox, currently a math teacher, is the other faculty advisor of the CSF club and sealbearers

Mariner Of The Year

n the past, Pacifica has given us great scholar athletes. The esent is no different. This years Mariner of the Year award es to Clint Price. Clint has participated in three different rts, and was a true leader in each one. As a sophomore, nt tried his luck at wrestling, and proved to be a great spect. In his junior year, Clint played an important role on league's contending team, and was honored the coaches ard. As a senior, Clint led his team with a 30-5 record in the gh Empire League, then was awarded team captain. Clint pinned 18 of his opponents two away from a school ord.

During Clint's sophomore year, he also participated on the m team. Again, due to his hard work and drive, he was sidered a great prospect. After a years experience on ity, he again proved to be a top man as a junior on the n. In his senior year, Clint played on varsity level for the er polo team. His leadership quality was recognized and he nominated team captain.

Mariner Of The Year

Seldom does a female student complete high school with the reputation and honors as did 1983 Mariner of the Year, Janet Fettig. Janet was given this award for her outstanding athletic ability. She has distinguished herself as one of the top women soccer players, or should I say athletes in Orange County. Her soccer ability is very impressive, making her an exciting factor to watch.

The awards Janet has received in the past are remarkable. As a junior, she was awarded M.V.P. of both the varsity soccer team and of the Empire League. She was also selected to be on 1st team Empire League. (That's the best 22 players in the league.) and 1st them C.I.F. As a senior, Janet carried the girls soccer team through the season, winning the Empire League. She again received M.V.P. award and making 1st team in Empire League and C.I.F.

There was something special about this girl that should be recognized by everybody. So in honor of her as an inspiring player that she was, her #11 jersey was retired to the Soccer hall of Fame. Congratulations Janet for an honor well deserved. Good luck and God Bless You!!

Class Of '83

CHP

Juniors

Remember the frantic sophomore behind the wheel of a driver training car? Well that sophomore has now become a junior and due to the 1982 financial cutbacks, many of them have put this knowledge to work in order to get to school.

While the other classes are busy with their new experiences, the junior class of '84 is busy learning about slavery, the Civil War, Indian massacres, and current day problems in their only mandatory required class — U.S. History.

The class of '84 has overcome the past two years at P.H.S. and will soon tackle the many challenging decisions involved with becoming a senior.

The Next Pavoratti

"Like everyone else, I wake up feeling rather groggy," quips Bob Schultze after being asked about his typical week-day. Seriously though, his mornings and part of his afternoons are taken up by school. After 2:30 he's home until 6:30 when, depending on the night, he either takes voice lessons, goes to Bible study class, or spends the evening with the guys. Generally in the evenings Bob does something having to do with music.

"My biggest hobby is singing," Bob says. He takes voice lessons at the Allard Academy of Music. He has sung with a few fellow students at such places as the Fullerton Outdoor Theatre, and Disneyland.

After graduation Bob hopes to attend U.S.C. and recieve his master's degree in music. There he hopes after he graduates, he will become a professional singer.

Bob's extra-curricular activities include writing and, of course, music. Bob enjoys writing songs and stories. Finally, Bob hopes to sing in a band that specializes in religious music.

Water On The Brain?

Richard Sheurer, or Jason as he is more frequently known, is a Junior attending P.H.S. this year.

Jason's interests lie mainly in sports after school. Jason spends his time after school at either water polo or swim practice. Where most guys would mind having girls on the water polo team, Jason said, "I think a co-ed water polo team is a good idea." when water polo and swimming aren't in season, Jason plays soccer.

Jason maintains a "B" average and in the future hopes to be a veterinarian. "I know my grades aren't good enough," said Jason, "but I plan on going to college anyway."

On the weekends Jason goes to the movies or the beach with his friends. He also goes to concerts, Judas Priest being his favorite, but he enjoys Rush and Oingo-Boingo as well.

When asked what he thought about school Jason said, "School's alright, sometimes." When asked what he meant, Jason said, "This year's different because everyone's gone "Rock-a-Billy." the way they act and the things they like have changed. Even the way they look."

Junior At Large

Becki McInnes is one of our juniors at Pacifica this year. She says, "Pacifica is an ok school, but I can't get the hang of it myself."

Her hobbies include piano playing, "It's fun, but it's a lot of hard work." While going to Chapman she played for award assemblies.

She is in Spanish Club and last year participated in the Drama Class production of "Help!" She likes horses and collects statues and miniatures. She also likes the Sparks, which is her favorite group. You can sometimes hear her say, "I'm just a dancing fool!" That's Becki for you.

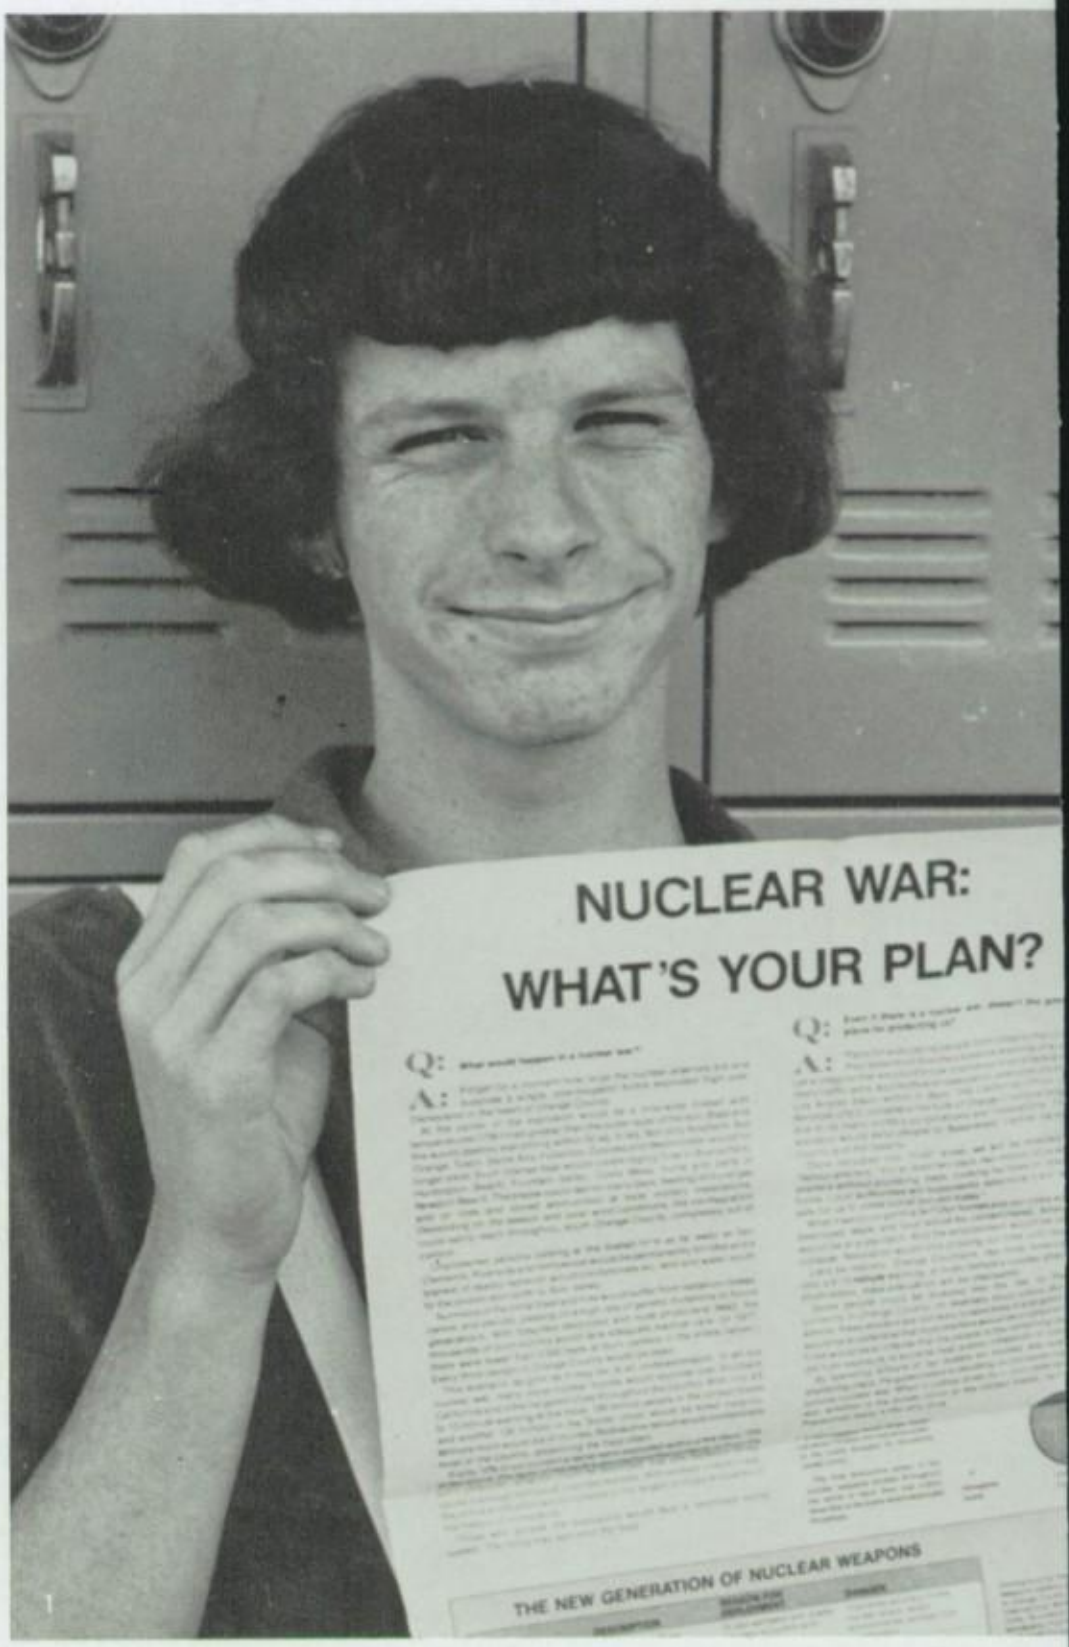
Sophomores

Facing The Issues

After getting over the insecure feelings and paranoia of being freshmen, the sophomores of the class of 1985 were faced with increasing challenges and issues of living in a more mature world. Overcoming these adversities would put them well on their way to adulthood.

Sophomores at Pacifica are faced with such as learning to drive, tackling graduation requirements and finishing World History, a class taken either the freshmen or sophomore year.

Accomplishing these feats not only means they have graduated to their junior year, but that they have taken another step in their efforts to enrich the growth of their lives.



SOPHOMORE CLASS OFFICERS show us their lovely smiles. In the back row is Jenny Beckett, Mindy Green, Suez Meyers. The front row is Sheri Pierce, Julie Martin, Liza Fraijo

1) Tom Rifer has his plan, you got yours?
2) The majority of Spanish Club officers are sophomores. Starting in the back is Amy Acterman, Sharon Schild, Lori Davis, Renee Walcheck, Kevin Henson and Sheryl McNamara, Ms. Rumbaugh, Gigi Rabe, Sheri Kazmark, Stacy Allenbach, Shana Jarvis, Cindy Nagele.
3) What a handsome group! This band of lovelies is Brigette Santiff, Cindy Slaten, and Chris Kopaczewski.

Beware, Student Driver

Hey! Lookout! Clear the streets! Clear the streets! Why? A student driver is coming this way.

Well, another year at Pacifica High School, and along with that come Pacifica's own breed of student drivers. These student drivers go through their classes of learning how to drive. Then, comes behind-the-wheel-training which can be hectic and sometimes hilarious. One of the teacher's greatest fears is when the students start their behind-the-wheel training. Let's take an instance. Eugene had entered the car with the teacher. Then the teacher, reaching for his seatbelt, asked Eugene "What is the first thing you do when you get into a car?". And Eugene replied, "I turn on the radio".

They finally got started and Eugene was very nervous. As they were driving the teacher asked Eugene what the letters P, R, N, and D on the steering column meant. Eugene answers, "P means pass, R means race, N means nowhere, and D means drag". Their car reached a crowded street and the teacher asked him "What do you do when someone wants to pass?". And Eugene calmly replied, "You blow them off the road". At that moment an eighteen wheel, thirty ton diesel was starting to pass Eugene's car. Eugene, with the radio blaring, looked in the rear view mirror of his Toyota Celica and suddenly swerved in front of the truck.

Of course, you can probably guess what happened to poor Eugene, he passed his driving test . . .

Oh, Oh, What A Gal

Suzie Critchfield was born on March 9, 1966. She was born with birth defects. She was born without one-half of an arm and two legs. That doesn't stop her from being any less of a person than anyone else.

Suzie gets around in an electric wheelchair, but she enjoys walking very much and "ditches the wheelchair whenever possible."

Suzie enjoys swimming, videogames, and most of all bowling. In 1980 she joined the bowling team at Bell Jr. High and went on to bowl with Pacifica. Her coach was Gilly Thompson, who was very impressed with Suzies' determination. Gilly got in touch with one of the producers from Monty Hall Variety Telethon for handicapped kids. The producer liked Suzie and invited her to appear on the show. She agreed and got sponsors. She bowled three games. After the points were tallied she had raised over $780.00.

"My family is very supportive but there is not any pity envolved at all. They lead me but they leave me to make mistakes and learn by them."

In the future she would like to work with handicapped children. Her basic outlook on life for a handicapped person "I feel anyone with a disability no matter how large or small can do anything if they set their mind to it."

Money

Most students at Pacifica don't have a whole lot of money to throw around.

Some people may have thousand dollar wardrobes while others, just hand-me-downs. There are those who like the Vogue and G.Q. looks while others are perfectly content and comfortable in jeans and tee-shirts.

Another expense is school supplies like pencils, paper, PeeChees, etc. These are just more to add to the new school year expense list.

School lunch is another story. On campus it can range from fifty cents on up, depending on your appetite. If you go off campus, McDonalds, Taco Bell, Carls Jr. and others aren't cheap. If you really can't hold out until the short half hour lunch is here, and your stomach is growling there are snack machines in the P.E. rooms.

Those who work probably have more spending money, but also some added expenses. Cars and insurance aren't cheap. Weekends very well may be the most costly. An evening out could cost from two dollars to who knows depending on where you go and what you do.

Lots of times, you'll start with, lets say ten dollars and before you know it, it's dwindled away to nothing. Treating your friends, a coke here, candy bar there, last minute loans, someone's birthday and "poof" before you know it, you're back to square one with empty pockets. Any way you look at it school isn't cheap, but then what is?

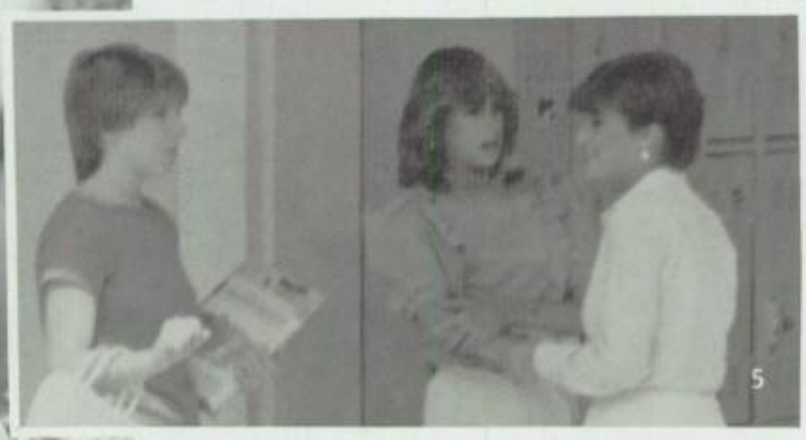
Freshmen Officers Lead The Way

Under the leadership of class President, Karen Goldsbrough, the class of '86 survived the struggles of their freshman year. Although the life of a freshman can be quite difficult at times, the spirited attitude of the cabinet led the class of '86 to a successful year.

1. Putting on a show are the freshmen officers: President: Karen Goldsbrough, Vice President: Jennifer Canfield, Secretary: Stephanie Hoover, Treasurer: Renee Raithel, Publicity: Monica Hamer, Activities: Lisa Davey.



2. Ursala Prado takes a quick glance across the room. 3. '86 shines bright for the future. 4. Drill teamer, Karen Chamberlain is still able to smile after being kidnapped. 5. Heidi Krouse, Krissy White and Shelly Jones find time for a quick conversation between classes.

Ski Club

Simply stated, The Explorer Ski Association is made up of representatives (usually the club officers and advisors) from all high school ski clubs in Orange County. Currently, there are about 52 schools involved. The group meets occasionally during the ski season to communicate multiclub progams and individual club needs and, once a year, in May, conducts the annual Ski Exploring Planning Conference. At the conference, association youth officers are elected for the coming year and plans are discussed for the coming season. Programs discussed include such items as individual club program ideas. The Explorer Ski Association exists only to assist local high school clubs in having a more successful program for students.

The Video Craze

During the last decade, video games have collected a large part of the American teenager's spending money. Having become more popular than pinball, video games are one of the teenager's most favorite hobbies. Video games are still rising in popularity with new and more detailed games coming out faster than ever. From *Pong* all the way up to three-dimensional *Zaxxon,* these games take in more money than any other form of entertainment.

Pac Man has made the most money of any arcade game up to now. There have been books on how to win, T-shirts, a song and even a *Pac Man* cartoon on Saturday mornings. *Ms. Pac Man* came out a little over a year ago as *Pac Man's* sequel.

Video games are continuing to improve in detail and graphics. A game called *Zaxxon* came out bringing a third dimension to video games. Some games even have a cockpit to make you feel that you are in the real thing.

Video games have come a long way since *Pong.* What game will come out next?

Wargamers Invade Pacifica

An unearthly shadow passed over the realm of Pacifica and reached deep within the warriors and mages hidden there and beckoned to them. They answered the call and gathered together for the first time and are now known as the Table Top Strategists. Together they venture through the game worlds of advanced Dungeons and Dragons, unlocking dark secrets, and facing the unknown as they search underground caverns and mazes for forbidden treasures, but it isn't easy! They must survive the perils guarding such rewards. Demons and wandering monsters block their way as do sorcery and the undead, and if that isn't enough, trechery within their own party forms and takes shape! Can their strength, magic, and intellect get them the objects of their quest! Will they emerge from the catacombs alive? Only the survivors can tell you. Other games, such as, "War on the Ice" and "Demon Rugbee" are played too. All games teach valuable lessons as the players become victorious, learn to admit defeat, and see how they themselves can improve both in strategy and everyday life.

I Hate Mondays

If the alarm goes off 45 minutes late, there's no hot water left in the shower, the electricity blacks out halfway through blowdrying your hair and your little brother eats all of the Captain Crunch . . . you know it's MONDAY!

Then your ride finally arrives and you are rushed out the door. Unknown to you, you have left your lunch, the essay that was due Friday, your calculator (with a big Chemistry test today) and your P.E. clothes at home.

You get to school and the tardy bell has rung already. You run to your locker, but forget the combination. Suddenly you realize that you wrote it on the library book that you just returned to the library. Arriving late to your first period, without any books, your teacher sends you out to get a tardy slip for being late.

You barely make it through school. Totally devastated because your 6th period teacher kept you after to discuss failing grades, you walk out to the parking lot in time to catch a glimpse of your ride leaving without you. You start your 3 mile walk home and suddenly there's a down-pour. Well, what did you expect for a Monday anyway?

Aren't We All Freshmen

I remember my first day at Pacifica quite well. That day I was scared, yet excited and at the same time, nervous. I was a typical freshman.

Freshmen are known for being timid and scared. They are usually unsure of themselves and try too hard to fit in with other students.

This is a definition of a normal freshman at any high school, but would't this definition hold true for anyone in a new situation? Whenever a person is placed in a new predicament whether he be in twefth or ninth grade, he takes on the behavorial patterns of a freshman. There is no way that anyone in an unfamiliar situation can face it with the poise and calm assurance of a senior. No matter what the age or grade, all of us behave like freshmen at one time or another.

So as a note to all seniors, next time the decision is made to pick on a freshman, give him a break. You may soon be in the same predicament.

Mary Ann Thompson- for putting up with all the headaches and all those people who didn't co-operate with her. You did a great job! Keep it up "Mrs. T."

The "Reef Staff"- Gigi, Janet, Barbara, Dawn, Lorreta, Lisa K., Kim C., Jenny, Kim H., Lisa S., Wendy, Ken, Adam, Greg, Walt, and Phil R. Thanks for your help and for getting your sections done on time even when you had to work overtime.

John Thomas- for giving us helpful hints and suggestions and for helping us in tight situations.

Pat Howland- for lending us supplies and for letting us work in the guidence center.

Robert's Studios- for developing and making us proofs and pictures for the book.

P.H.S. Faculty- for letting us skip classes when we faced major deadlines.

Mr. Nakamura- for finally surrendering to the yearbook staff and for realizing our superiority after the long battle.

Mr. Michalik- for being so patient when our photographers interrupted his class.

Freelance photographers- for taking great yearbook pictures even though they weren't on staff.

Pacifica student's- for being the 1982-1983 Reef book.

Philip A. Kumai

When looking over this past year, I see hectic times and happy times. The hectic times always seemed to come about when I had to explain things to people one-thousand times before they understood them. Other times when things got hectic were when staff members didn't cooperate with me or when we had deadlines to meet and we didn't have enough pages to turn in. After all those headaches, the happy times finally came. As I look at the past and compare it to today, I see that all those hectic times paid off. I was very pleased because the staff members did their jobs correctly and they did it to the highest standards that they were capable of doing. I'm proud of you "82-83 Reef Staff." You guys did a great job and my job a lot easier. The year went by so smoothly and we managed to turn in every page without missing one deadline. I wouldn't have been able to make it through this year without my co-editor, Keely Koppold. She helped me through thick and thin and made my days in yearbook more enjoyable!!! Hugs and Kisses go out to you Keely for standing by my side. "We make a great team." I must give a special thank you to Mrs. Thompson for giving me the chance to be editor and for believing in me, my ideas, and my 99.9% being right ratio. "Keep on getting those brainstorms in the shower." Thank you Mom, Dad, Lil' Sis, my grandparents, and everyone who has given me the support and the love to carry on in life and for helping me get through all those hectic times. I love you all!!!!

God Bless.

Philip A. Kumai

Keely Koppold

First deadline! Are the pictures ready? The names spelled right? Where's the Junior section? Where's page 138? You lost the copy!?

That gives you an idea of what it's like to put a yearbook together. Is it a lot of work? Yes! Is it hectic? Yes! Is it fun, exciting, and fulfilling? YES!

The people I have met and worked with this year have been great! Especially Philip Kumai my co-editor, who has shown imagination and skill in putting together the yearbook. Of course, we *occasionally* needed the support and talent of Mrs. Thompson, our advisor. Dawn Portscheller was terrific also. She designed the cover and helped me on some of my sections.

Assembling a yearbook takes a lot of time and effort. Every year, The staff has to create a whole new theme. Naturally, we'd like to think that this years' book is the most original, action-packed annual you've ever read!

To present you with a yearbook that you can be proud of has always been our main purpose. Well, "Only Time Will Tell" what you think of our endeavors. Personally we think it's Totally Awesome!
